CREATIVITY & INNOVATION

Robo-race

- Design a robot either wired or wireless within the specified dimensions that can operated manually and can travel through all turns of the track. The robot that will complete the specified task in least time will be the winner. Think your robot can overcome any obstacle-big or small in the least of time.

Robot Specification:

- The maximum dimension of the robot can be 25 cm x 20cm x15 cm (l x b x h).
- The robot may be wired or wireless.

- The length of the wire (for wired bots) should be long enough to cover the whole track and wire should remain slack during the complete run.
- Maximum weight must not exceed 3 kg.
- The participants will be provided with 220 Volts, 50Hz standard AC supply.
- Participants will have to themselves arrange for adaptor or batteries.
- The machine must not be made from Lego parts, or any ready-made kit, if we find such machine it will be disqualified.

MANDSAUR UNIVERSITY
MAKING FUTURE READY!

SPANDAN
A FESTIVAL OF 2K23
CREATIVITY & INNOVATION

BATTERIES & POWER:

- The machine must be powered electrically only. Use of IC engine is not allowed.

- Batteries must be sealed, immobilized electrolyte type (gel cell, lithium, NiCad, or dry cells).

- The electric voltage anywhere in the machine should not be more then 12V DC at any point of time.

MANDSAUR UNIVERSITY
MAKING FUTURE READY!

SPANDAN
A FESTIVAL OF CREATIVITY & INNOVATION 2K23

Rules & regulations:

- Each team can have maximum four members. Students from different institutes can form a team.
- Robots will be inspected for safety and reliability before being allowed to compete.
- Disrupting opponent's power is not allowed.
- Arena is a 9 ft. X 6 ft. platform consisting of two ditches (a schematic diagram is illustrated herewith).
- Organizers reserve the right to ban/disqualify any robot at any point of time, due to safety or any other reason.

MANDSAUR UNIVERSITY
MAKING FUTURE READY!

SPANDAN
A FESTIVAL OF 2K23
CREATIVITY & INNOVATION

- All participants with valid Identity Card of their respective educational institutes.
- ROBOCOMP organizing team have reserves the right to disqualify any participant who fails to adhere to the below mentioned game rules.
- This is racing event so fastest and most balanced robot will win.
- Robot should be as per the given specifications.
- Each team can have maximum three members. Students from different institutes can form a team.

MANDSAUR UNIVERSITY
MAKING FUTURE READY!

SPANDAN
A FESTIVAL OF 2K23
CREATIVITY & INNOVATION

- Each member of the team must contain the identity card of his/her respected institute.
- The robot should not damage the arena.
- No test practice will be allowed on the arena.
- The robot must not leave behind any of its parts during the run; else it will result in disqualification.
- Unethical behavior could lead to disqualification. Faculty co-ordinators have all the rights to take final decision for any matter during the event.

MANDSAUR UNIVERSITY
MAKING FUTURE READY!

SPANDAN
A FESTIVAL OF 2K23
CREATIVITY & INNOVATION

SPANDAN
A FESTIVAL OF 2K23
CREATIVITY & INNOVATION

Electro mania

Electro mania is the activity/event based on designing of electrical circuits on printed circuit board. Students will fabricate the circuit with a specific application within the given time frame. It's a platform for students to display their talents. While all of us are studying the theory of engineering, we seldom get an opportunity to work on applications. Without working on the applications of electrical and electronics engineering, the field will seem dry and meaningless. Electro mania helps students showcase their talents and helps them to think.

Venue:- EI LAB & PEDC LAB (Department of EEE)

/spandan2k23

National Conference

- The objective of conference is to provide an intellectual forum for professionals and students of different cultures to exchange and expose their research findings for the sustainable development of mankind. The theme of this conference revolves around bringing engineering, technology, and management research areas synchronically on an indivisible platform. This conference will draw collectively research fellowships from diverse fields in untidiness, to share their research findings and latest ideas.

- Attending this remarkable event will help participants sharpen their skills and refine their ideas as well as approaches by meeting with their peers and counterparts. Participants can build new networks to meet different personalities and learn about the latest tools available.

Balloon Pop

GAME INSTRUCTIONS

GAME SETUP:

Twenty numbered balloons are randomly filled, 10 with a money amount and 10 with a Peruna. Then one of those balloons is replaced with a Horned Frog.

GAME PLAY:

Player selects an unpopped balloon to pop. If the balloon contains a money amount, the player adds the money to previously accumulated values.

If the balloon contains a horned frog, the player's money is reset to 0, but play continues.

If the balloon contains Peruna, the player's Peruna count is incremented.

Player continues to pop balloons until four Perunas have been popped. Player wins the accumulated amount at that time.
