Welcome to DBGI

The Story So far

Dev Bhoomi Group of Institutions is an educational oasis located in a lush green and a serene environment in the foothills of Himalaya. Over 42 acres of campus is exclusively for its Engineering, Management, Pharmacy, Architecture, Agriculture & Ayurveda. The Group believes in the holistic development of their students for which sincere efforts are made by the faculties, staff and the Management. DBGI endeavors to maintain lead in quality education and enrich the same at every available opening. The group is fully geared to embrace the innovations and advancements in the field of technology, management & medicine and incorporate the same in its teaching and learning schedules. The Group is being personified as a ***Center of Excellence for intellectual work*** and a hub of all round personality development.

“We welcome you to this Glorious Campus”

Vision

To Become a Center of Excellence in field of education & Research with Enhancement in Intellectual Capital in the arena of Engineering Management, Paramedical & Medical Science

Mission

- To promote a teaching learning environment embedded with latest technology in the field of Medicine, Pharmacy, Engineering, Applied Science & Management Studies.
- To be a student centric institution imbibing experiential, innovative and lifelong learning skills, addressing societal problems.
- To develop human potential to its fullest extent so that intellectually capable and gifted leaders can emerge in a range of professions.
- To take care of the growth and to nurture the students among the youth to prepare them as asset for the Industry and Corporate Sector.

Message from the Chairman

“DBGI is all about being at the right place at the right time to help you accomplish your GOALS. DBGI offers a proven past, energetic presence and a bright future. Our aim is to train the students, armed with the ability to work effectively and efficiently, across professional boundaries, so that they can emerge as leaders and innovators in their chosen professions. With this goal in view, the Group has modernized its curricula to make courses industry oriented. Simultaneously research and innovative teaching methods for quality education is our key focus. Here we provide incredible opportunities for social interaction. Me & my team work round the clock to ensure excellent career prospects for our students. Our Alumni & Students have proven to be great asset to the organizations They have joined and have proved worthy of having been associated with this Group as their alma-mater.”

Sanjay Bansal

Chairman - Dev Bhoomi Group of Institutions

Aman Bansal
Managing Director DBGI

“The academic rigor and discipline on the campus will challenge you

out of your comfort zone, but this is how you will prepare yourself for a tough world called Industry and a playfield called market. You will also get ample of time to involve yourself into other extracurricular activities, so you will get a chance to chase your passion too. The faculty and other resource people act as catalysts.”

The Pillars of DBGI

“It is the students who shape an

Institute and to provide them moral and emotional support at every point plays an equally important role in the progress of the Institute as is providing them with quality education. We provide our students with assistance in every possible way and DBGI is a home away from home.”

Vrinda Bansal
Director Student Welfare DBGI

“DBGI is an Institution to learn and discover one fundamental truth that it helps students realize their potential. We help our students to learn, grow and live their dreams. It is an Institution where students will find themselves in engaging curriculum that they will come out with their best capabilities. The infrastructure of the campus supports all pursuits of life. It offers a serene environment with a peaceful living and learning atmosphere.”

The institute was established under the vision of Dev Bhoomi Group of Institutions aimed to provide the best education and best professionals to the pharmacy fraternity. Pharmacy is the science and art of medicine and healthcare. Pharmacists are experts on drug therapies, who optimize medication to provide patients with positive health outcomes. The vastly growing Indian pharmaceutical industry is looking for huge influx of pharmacy professionals to join them in areas of Research & Development, Manufacturing, Marketing, Quality Assurance, Clinical Research, Intellectual Property Rights, Drug Regulatory Affairs, etc.

A Bachelor of Pharmacy is an undergraduate academic degree in the field of pharmacy. The degree is the basic prerequisite for registration to practice as a pharmacist in India and many countries. In DBIPR students are groomed for their overall development including subject knowledge, Research & Development, practical skill, personality development and ethical values. Regular Symposia and workshops are conducted to enhance the student's knowledge and include the latest advancements in the field of pharmacy.

All Courses of DBIPR are approved by AICTE, PCI and affiliated to Uttarakhand Technical University and UBTER.

“Creating a perfect recipe for success in life”

“Hotel Management is a course that enhances one’s knowledge and self-confidence in the hospitality industry. Along with traveling to new places, the candidate gets to meet new people and also gets to discover his own unexplored limits.”

Program	Eligibility	Duration
Diploma in Hotel Management	10 th	1 Year
Bachelor in Hotel Management	10+2 any stream	4 Year

BA Tourism

Program	Eligibility	Duration
Bachelor of Arts in Tourism	10+2 or Equivalent	3 Year

Affiliated to Sri Dev Suman Uttarakhand University (SDSUU)

Scope of Tourism

The Tourism industry is a one such industry that even though it is relatively new than the others industry but still it is growing and also expected to do well in the coming years. Tourism industry in the long run create greater job opportunities to those who would want to be a part of this. Hotels, restaurants, retailing, transportation, travel agencies, tour companies, tourist attractions, leisure, recreation and sport, and cultural industries are some of the contributors to the industry. The future of the industry is quite bright but still there is a lot of development in terms of infrastructure and skilled personnel required.

B.Sc. (FORESTRY/HORTICULTURE)

Forestry is the science and craft of creating, managing, using, conserving, and repairing forests and associated resources, in a sustainable manner, to meet desired goals, needs, and values for human benefit. Forestry is practiced in plantations and natural stands. The challenge of forestry is to create systems that are socially accepted while sustaining the resource and any other resources that might be affected. The forest science has elements that belong to the biological, physical, social, political and managerial sciences.

Program	Eligibility	Duration
B.Sc. (Forestry)	10+2 Science stream	4 Year
B.Sc. (Horticulture)	10+2 Science stream	4 Year

A college's reputation is judged by its students' success rate, which is placements. The Corporate Resource Center (CRC) has shown a constant dedication towards the placement of students in reputed firms and multinationals. DBGI is the best placement college in Uttarakhand. Not only does it provides placement to its own students but has also created placement opportunities for students from other institutes.
