Empowering you for a dream career

THE INSTITUTE

Founded in the year 2007 under the Chairmanship of late Sri. Chandra Mohan Gupta, a leading businessman and an eminent social worker, Devi Chand Memorial Charitable Society has been contributing in the field of professional as well as basic education with high ethics and corporate culture.

Institutions/ Programs established under the flagship of Devi Chand Memorial Charitable Society are:

LDC INSTITUTE OF TECHNICAL STUDIES

Approved by: AICTE, AKTU, BTE & NCVT

Courses offered: B.Tech., MBA, MCA, Polytechnic Diploma & ITI

LDC PUBLIC SCHOOL

Approved by: CBSE

DEVI CHAND MEMORIAL CHARITABLE SOCIETY

PIA for DDUGKY Project Approved by: MORD

Courses offered: Construction, Retail & IT

LDC DEGREE COLLEGE

Approved by : PRSU

CHAIRMAN'S DESK

Ever since we embarked upon the idea of promoting education, we decided to provide quality education which is in tune with the global changes and also includes a holistic approach towards life. The education standards should be such which contribute towards the building of a strong and self reliant nation. The future engineers, managers and business entrepreneurs should not be bereft of global education due to lack of resources and it should stop the flight of academically bright students to other countries and states. I invite all the parents/ guardians who are looking forward for overall development of their child/ children at the schooling/graduate level to experience the modern day quality education being imparted at our institutes. Our handpicked teachers together with interactive digital learning process and extracurricular activities will transform their personality with the best of knowledge and wisdom. My heart felt blessings and best wishes to all the prospective students of our institutes. May God bless each one of them so as to achieve tremendous success and academic excellence.

Sanjay Gupta

Chairman

LDC Group of Institutions

DIRECTOR'S DESK

Heartiest welcome to all at the campus of LDC Institute of Technical Studies Allahabad - an institute which is dedicated towards growth and development of all young minds for better career prospects.

"The mind is not a vessel to be filled, but a fire to be kindled." Said Plutarch. Thus, experienced faculties and management of LDC Institute of Technical Studies have come forward to promote the imagination of our young learners. Cradled in the lap of nature on the one hand and scientific edifice and their advancement on the other hand the institute continuously works towards innovation and research.

The institute is located in the holy city of Prayagraj. Its green and serene campus and highly experienced and dedicated faculties from different parts of India enrich our academic ambience in theoretical as well as practical work to create globally competitive professionals. Faculties from other renowned Institutes and Industries are also invited now and then to deliver their views and share their working knowledge in technological aspects.

The management of this institute provides enormous support to convert thought of the students into modern technological framework. The students of this college visit various firms/Industries as a part of their course curriculum and gather experiences from working people of different industries. From day one continuous efforts are made to impart creative and problem solving ability of the students so that they become experts in their field and serve better for society as a whole. I am confident that the students passing out from this Institute will be technically sound, confident and have leadership qualities to serve this motherland.

I wish all the best to all the prospective students.

Dr. Swatantra Porwal

Director
LDC Institute of Technical Studies

COURSES OFFERED

LDC Institute of Technical Studies has clear focus on imparting teaching and training in core engineering branches. It is based on convergence of theoretical knowledge, its application in the industry and problem solving through live projects, simulation and modeling. The institute has commissioned over 75 laboratories with modern equipments to not only meet the AKTU and BTE curriculum but also to allow additional experiments to be conducted by the students to have value addition. The institute also has a big workshop with all latest machines required. Presently it has CNC Machines, Numeric controlled machines, TIG, MIG, Welding shop, sheet metal shop, precision Lathes etc, where students are encouraged to develop prototype models and work for design and developed of new equipments. The institute has development calibration testing and manufacturing facility to a level to that the neighboring industries may utilize these facilities for their products.

Bachelors of Technology (B.Tech.)

- Mechanical Engineering (ME)
- Civil Engineering (CE)
- Computer Science Engineering (CS)
- Electrical and Electronics Engineering (EEE)
- Artificial Intelligence (AI)

Polytechnic Diploma

- Mechanical Engineering (ME)
- Civil Engineering (CE)
- Electrical Engineering (EE)

Industrial Training Institute

- Electrician • Fitter • Welder
- Computer Operator Programming Assistant (COPA)

MBA

Specialisation in:

- Finance • Human Resource Management
- Marketing • International Business
- Information Technology

MCA**BBA****BCA****EMPHASIS ON VALUE ADDED COURSES****Technical Courses :**

The students who graduate in engineering or management courses should have that extra knowledge with them which will enable them to have an edge over the other students. For this, special technical courses are conducted with support of trainers from HCL, CADD, Centre, Vedanta, Robosapians, NIIT and other renowned agencies during the summer and winter breaks within the college campus. This goes a long way in procuring good placements or in pursuing higher studies. Some of the courses conducted in the last few years are:

- Robotics • Machine Learning
- .Net • Computer Networking
- Linux • Artificial Intelligence
- Oracle • CAD/CAM
(Solid Works Design & Drawing Software)
- Cloud Computing Embedded Systems.
- Python • SAP

National Conferences :

LDCITS has successfully organised two National Research Conferences RETSEM & NATECOIN. Both these E-conferences received participation from all over the country. Very few colleges in the state have been able to host such National Conferences. The sessions were chaired by industrial experts and professors from IIT's and NIIT's.

PLACEMENTS AND INDUSTRIAL CONNECTS

LDCITS has till date satisfactorily placed 80% of the students passing out in the 2021 batch. They have been placed in prominent organizations such as Tata Motors, Ashok Leyland, Yazaki India, Bajaj, HCL, Vikas Group, Hero Group, Sanden, HDFC Bank, Accenture, NIIT, HIL, UCertify, PayTM, Gyan Dairy, Hinduja Group, Global Solution, Gold Plus, Recom, Talbros, Shriram Life Insurance, Toppr. at very handsome packages.

Indian Air Force and Indian Navy have also selected many students from our institute in the past. The Training & Placement Department is in talks & liaison with more than 200 companies, in addition to our existing placement partners.

LDCITS has also signed MOU's with many industrial organizations like Red hat, TCS, Oracle Technology, CADD Centre, UPTEC, IBM, IQBRI telecom etc.

With the commencement of 3rd Semester, the students are taken for industrial visits and fairs and at times they even have to travel to far off places to gain first hand knowledge of the progress in the technical world. National Thermal Power Corporation, Hero Honda, Tata Motors, Eicher, Volvo, KJS cement, Jaypee Cement, ACC etc. are some of the industries where our students are sent regularly

Participations in technical fairs especially in IIT Kanpur, BHU Varanasi, NIT Allahabad, IIIT Allahabad etc. is majorly encouraged.

ABOUT CAMPUS

Library : The institute library offers an excellent choice of engineering, applied sciences, professional communication and management books with audio visual learning aids. A digital library with computer assisted search of learning resources and open access system, the library subscribes over a hundred national and international journals.

Sports : Keeping in mind to maintain the physical and mental fitness of our students, LDC Institute provides dedicated playgrounds for outdoor games such as Cricket, Football, Volleyball, Basketball and Kabaddi. The institute also provides facility for indoor sports such as Badminton, Table Tennis, Chess and Carrom.

Hostel : The College has a three storey hostels for boys within the campus amidst lush green lawns and a separate girl's hostel as well. The rooms are spacious, well lit, adequately equipped with furniture, 100% power backup, internet services, sports and recreational facilities and a common room for audio visual entertainment.

Mess & Cafeteria : The spotlessly maintained and spacious dining hall Mess committee serves multi-cuisine & wholesome nutritious vegetarian taste buds for staff & Students. The stylish cafeteria surrounded by lawns accommodate 150 people. A perfect place for the students to unwind.

Events and Activities : There are many clubs operational at LDCITS to give a platform to the students enhance and showcase their talents alongside academics. To name a few:

1. Annual Cultural Fest-"UNNAYAN"
2. Technical Fest-"YANTRA"
3. Sports Meet-"GOOGLY"
4. Interschool Competition "Udaan"
5. Rotaract Club, Science Club, Dramatics Club etc.
6. Industrial & Social Tours & Visits

LDC PUBLIC SCHOOL

LDC Public Schools was established in 2010 with the sole vision of providing high quality and affordable education to the students of rural and semi urban areas of Prayagraj region. Affiliated to CBSE Board it is a place where we strive to create a healthy environment for education, knowledge, sports & extracurricular activities. At LDC Public School we diagnose this hidden potential right at the beginning of his/her schooling days. We have a well-planned child-centric Program that is geared to educate and to bring out this dormant special inbuilt quality in each child. This will enable them to grow as leaders of tomorrow and empower them for dream careers.

DDU-GKY PROJECT

DDU-GKY is uniquely focused on rural youth between the ages of 15 and 35 years from poor families. As a part of the Skill India campaign, it plays an instrumental role in supporting the social and economic programs of the government like the Make In India, Digital India, Smart Cities and Start-Up India. Over 180 million or 69% of the country's youth population between the ages of 18 and 34 years live in its rural areas. Of these, the bottom of the pyramid youth from poor families with no or marginal employment number about 55 million. Devi Chand Memorial Charitable Society is a Project Implementing Agency which operates in the state of Uttar Pradesh. The Society is offering training in the field of IT, Retail and Construction from its training centre located in Soraon, Pragraj.
