## About **ITM Group**

**32** years  
of Excellence   
in Education

ITM Business School, our oldest and flagship institution, and ranked amongst the Top 20 b-schools in India, offers AICTE approved full-time PGDM programs. ITM Universities in Raipur, Chattisgarh and Vadodara, Gujarat are UGC recognized, and offer a range of undergraduate and postgraduate programs in Engineering, Life sciences, Law, Design, Hospitality and Management.

The group has 2 renowned Institutes of Hospitality Management and Culinary Arts in Mumbai, ranked among the Top 10 private Hospitality Institutions in India. ITM Institute of Design and Media is a new age digital design school with a focus on VFX & Animation, Fashion, Interior and Communication Design streams. ITM Institute of Health Sciences is a pioneering Institution, working closely with the health industry to offer programs in allied health professions.

We have associations with renowned universities across the world, such as Manchester Metropolitan University UK, Griffith University AU, University of Reading UK and many more for student transfer, pathways and joint certification.

In 32 years, ITM Group has grown in reputation and size, with over 15,000 students currently enrolled in our campuses across India.

# Training & Placement

ITM University Raipur has a dedicated placement cell to cater to the Training needs of placements. ITM has an excellent track record of placements over a decade. During the placement year 2023, the highest salary offered was 12 Lpa and an average of 4 Lpa. Over 35 renowned companies conducted placement drives at the campus. The graduates from ITM University are sought after by the industry and they have been working successfully in different organizations PAN India. ITM University students have proven themselves to be accomplished professionals, and are charting success stories in their leadership roles in well-reputed companies across different industry verticals.

A concerted effort is ensured by the Training and Placement department from time to time to integrate current industry trends, and future challenges and train our students to become professionals with a global mindset. Due significance has been given to soft skills training at ITM University. Our career counselors and soft skill trainers enhance their communication and interpersonal skills to make them industry-ready. ITM University Raipur has introduced an Individual Career Plan for every student to assist them in meeting desired career goals in their interest area.

As per the New Education Policy guideline and recommendation on new age skills requirements, we organize specific Life skills and social skills, professional skills, and employability skills training programs for the students.

ITM University conducts regular interaction with industry experts under the aegis of the Training and Placement Department. This process is in the form of industrial visits and lectures/ talks/presentations by experts. This helps students understand the nuances of working in a particular industry/ sector and the requisite skills required for the same. It also provides a platform for industrial leaders to interact with the university and explore collaborations for the benefit of the students.

## Student Testimonial

**Bhavya Soni**  
**Batch: MBA (Marketing)**  
**Placed at: VKJ Law Firm**

I am immensely grateful to ITM University Raipur's Training and Placement Cell for their exceptional guidance and unwavering support. Special thanks to our dedicated class mentor whose mentorship has been pivotal in shaping my academic journey. The amazing collaboration between the T&P cell and our mentor has played a key role in securing excellent placement opportunities. Thank you, ITM, for fostering our growth!

**Puja Pal**  
**Batch: MBA (Marketing)**  
**Placed at: IDBI Bank**

I landed a dream marketing role at IDBI Bank, thanks to ITM Raipur's program. The program offered a strong foundation in marketing paired with practical skills. Dedicated faculty, training and placement leaves no stone unturned to shape one's future. I'm confident the skills I gained will be crucial in my marketing career. It was my immense luck and fortune to be the part of ITM University. These many years at ITM have been a wonderful experience of learning with prolific exposure to outside. Huge respect, love and devotion for entire faculty members and training department. It's their effort that made me count myself into better professionals.

**Uday Raichura**  
**Batch: BAIHTM**  
**Placed at: Westin Turtle Bay Resort and Spa Mauritius**

It highlights an enriching experience. Under the guidance of the department head I gained valuable insights and skills in the food and beverage service department. Interacting with guests allowed me to enhance my communication and customer service abilities, contributing to my professional growth and understanding of international hospitality standards.

**"I was astounded by the state-of-the-art lush green campus and cutting-edge facilities the ITM University had to offer."**

**HARISH SAHU**  
**BA-IHTM**  
**School of Hospitality & Tourism Management.**  
**Placed at: Grand Hyatt, Dubai (F&B Operations)**

Being a nervous first year student; the exceptional teaching faculty, dedicated administration made me feel very welcomed. The opportunities provided by the institute like International placements, Field trips, study tours were amazing. The fun-filled environment encourages us to work with integrity, confidence and excellence.

ITM University not only provides one with intensive knowledge but also with valuable training, hands on experience, professional skills and confidence to excel in this challenging industry. I thank to my HoD and all faculties for providing a platform to enhance my skills and an opportunity to show case them....I am proud to be a student of ITM University!

**"ITM university is a place of learning, fun, culture, lore, literature, and many such life preaching activities."**

**SHIVAM TIWARI**  
**BA-IHTM, School of Hospitality & Tourism Management. Placed at: Grand Hyatt Dubai (F&B Operations)**

My three years at ITM University have been excellent and a memory to cherish for a lifetime. We were first batch of the Hotel management (SHTM). The years spent here have been full of learning opportunities that were full of fun and frolic and sometimes with academic grind that one must go through. Studying at the ITM University brought an added value to my life. It gave me an opportunity to meet different kind of people and learn several things. I have received a great support from faculties. The international exposure makes you a better man to face the challenges of the corporate world. I am very pleased to have international job experience and the effort which my faculty and placement cell have made for me, it is something where just thank you can not express my happiness, coming from Chhattisgarh and representing my state and ITM University in UAE always makes me feel very proud.

# International Internship

ITM students from the Hotel Management (22-25 batch) have secured international internships at Hotel Le Méridien Ile Maurice and The Westin Turtle Bay Resort & Spa, Mauritius

## (Biotechnology)

**DURATION** 3 years

Biotechnology is a broad discipline that involves the study of the industry oriented advanced courses at the graduation level like Molecular modelling and Drug Design, Biosensors and Biomedical devices in Diagnostics, Marine Biotechnology, Vector Biology and Gene manipulation, Bioreactor design, Quality Control Management in Biotechnology. The main focus of the course is the inclusion of downstream processing and bioprocess engineering which is a highly advanced level subject and important for being recruited in any companies' dependent on fermentation-based products or Bioreactor based products. It also focuses on Entrepreneurship as a subject in the syllabus covering every aspect from ideation to market-launched products based on Biotechnology / Microbiology / Agriculture / Bioinformatics etc.

### Course Overview

The Bachelor of Science in Biotechnology program is a three-year, full-time program that will comprise 6 semesters (approximately 6 months each semester). In three years, students will undertake 14 Core subjects, 9 Discipline Elective Subjects, 8 Generic Elective Subjects, 2 Ability Enhancement Compulsory Courses, 5 Skill Enhancement Elective Courses and 2 Value Added Courses which is not covered in a single course in any of the institutes in Raipur and other areas of Chhattisgarh. There is also a short-term industry internship form a duration of 2 months in the 6th Semester, with many other short-term projects & training programs with duration of a few days throughout the course.

### Eligibility

A pass in 10+2 examination or equivalent from any of the recognized Central or State Board with Biology as one of the core subjects.

### Career Options and Opportunities

- Biomedical Engineer
- Biochemist
- Medical Scientist
- Clinical Technician
- Process Development Scientist
- Bio-manufacturing Specialist
- Business Development Manager
- Biopharma Sales Representative
- Epidemiologist
- Medical and Clinical
- Lab Technologist

# M.Sc.

(Microbiology)

**DURATION** 2 years

The Master's in Microbiology program is a two-year, full-time program. The objective of this Program is to:

- Deliver scientifically updated, streamlined industry and research relevant curriculum.
- Develop the student's analytical, quantitative, presentation, teaching skills.
- Help the student identify his/her topic/area/field of research in the first year of the program and deliver targeted learning towards.
- Developing his/her knowledge & collection of significant research literature in the chosen field.
- Guide and nurture the skills of scientific writing, research methodologies & its relevance.

## Course Overview

The two-year full time program will comprise of 4 semesters (approximately 6 months each semester). These semester will consist of various curricular, extracurricular, co-curricular & social awareness activities. The curricular activities have been divided into classroom-based courses and field/research based projects subject to evaluation. In two years, students 14 Specialized Courses in Microbiology, one short term Dissertation/ Industry internship Project for a duration of 4 months in the 4th Semester, with many short term projects & training programs, hands-on workshops with duration for a few days throughout the course. The students will be encourage to present their dissertation work/ research work at conferences at various levels and will be guided to writing research articles & reviews.

## Eligibility

Graduation in relevant subject with minimum 45% marks.

## Career Options and Opportunities

- Quality Control Analyst
- Clinical Microbiologist or Immunologist
- Food or dairy Microbiologist
- Environmental Microbiologist
- Recombinant DNA Technologist
- Fermentation Technologist
- Research Scientist
- Public health Microbiologist
- Research Laboratory Technician
- School / Teacher University / College Teacher

**School of Law**  
**BBA. LL.B (Hons.) • LL.M**

# BBA. LL.B (Hons.)

(Bachelor of Business Administration & Bachelor of Law)

**DURATION** 5 years

**BBA.LL.B (Honours) in Business Laws**

**BBA.LL.B (Honours) in Crime and Criminology**

**BBA.LL.B (Honours) in Intellectual Property Laws**

BBA.LL.B is an integrated 5 year undergraduate programme, where simultaneous studying of Bachelor of Business Administration and Bachelor of Laws is offered. The programme focuses on both the areas of knowledge related to Business Administration as well as Law.

The programme includes rigorous training on the knowledge of fundamental laws, its interpretations and implementations. The teaching learning pedagogy includes meticulous research, experiential learning and analytical understanding of the subject through lectures, tutorials, case law methods, minor projects etc. The graduates are highly proficient with the nuances of business management and professionally skilled advocates of law.

## Course Overview

The programme BBA.LL.B is an amalgamation of two professional courses; Bachelor of Business Administration and Bachelor of Laws. The course begins with an introduction to the knowledge of business administration and simultaneously introduces the basic concepts of law. The student gradually learns the higher skill sets of business administration on one hand and on the other acquires proficiency of all the fundamental and advanced laws of the nation. The quest for knowledge of law doesn't stop with the knowledge of domestic laws but leads to international laws related to global administrations, businesses and ever emerging new laws. The graduates have plethora of professional opportunities beginning from Litigation to Corporate, to Public and Judicial Services, to PSUs, to entrepreneurial consultancies etc.

## Eligibility

A Pass in 10+2 examination and as per the norms prescribed by Bar Council of India.

## Career options

This course begins with a detailed learning and understanding of the criminal jurisprudence in both the domestic and global connotations. The course includes a detailed study of the national laws regulating crime and criminal justice administration. Further, the course also includes an exposure to the international treaties and laws relating to crime. The course enables the student to develop the skill to study and critically examine various international mechanisms for criminal justice administration system and provide reasonable solutions.

## Employment Opportunities

- Academics • Research • Litigations • Judiciary • Public Service Commissions
- Public Sector Units • Legal Services • Corporate

# Ph. D.

(Doctorate of Philosophy)

**DURATION** 3 to 6 Years

## Course Overview

The aim of ITM University is to provide the students with an opportunity that can help them in enhancing their research skills. For doing so, the focus of the Ph.D. program is to bring the knowledge from different spheres of Law, Management and Commerce and integrate it with the practical world. The hands-on knowledge imparted through the Ph.D. course, allows the researchers to understand the practical workability of the world, while enhancing their knowledge base. The exposure that entails this course allows the scholars to hone in their skills. The experienced faculty that imparts this course ensures that the scholars understand the nuances and intricacies of their domain. This allows them to gain an added advantage in the competitive world. The overall objective is to attain research excellence, which triggers innovative ideas for the scholars, thereby benefitting the society as well.

## Offered Subjects:

- Law
- Management
- Commerce

## Eligibility

Post Graduation in Law / Management / Commerce

# B.A (Honors) Bachelor of Arts - Psychology

**DURATION** 3 years

The B.A. (Honors) Psychology program at ITM University, Raipur is research led and future oriented program that offers a vibrant environment and distinctive curriculum for undergraduate education in Psychology without parallel in Chhattisgarh and central India. The program is delivered by the prominent academicians who are trained from some of the reputed academic institutions and research think tanks in India. Students are trained to think critically, analyze, and implement the scientific method. The curriculum covers the fundamentals of biological, developmental, cognitive, and abnormal psychology, along with specialized subjects like Health, Social, Clinical, Counseling, Forensic, Military, Sports and other emerging fields in psychology. The Learning Outcomes Based Curriculum Framework (LOCF) technique has been used to enhance students' learning experience as they involve themselves in their preferred course.
