## Students' Testimonials

**Tejuskrishna B. S.**  
I Semester, B.Com LL.B

"As a science student from a science background, I was initially very reluctant on changing streams and entering the world of law. But here at BMSCL, thanks to the environment and the faculty, the change wasn't significant at all. Thanks to the super friendly and extremely supportive teachers, BMSCL never felt like a new Institution that I'd joined. Instead, within just a few days, it felt like home. Moreover, the opportunities that the college provides us with is overwhelming, every week we have lectures on various subjects which makes learning more fun. Even though our classes initially were only online, the highly interactive method of teaching adopted by the teachers, made the learning experience no different from the conventional physical classes. The encouragement and support that we get from the college to conduct researches are tremendous and will certainly help us in becoming the best in our field."

**Samiksha J.**  
I Semester, B.Com LL.B

"I would describe B.M.S. College of Law as dynamic. The best thing about being a student here is the number of additional opportunities available here. BMSCL has contributed magnificently towards the development of my personality. Through various events organized the Institution has helped me augment leadership skills and time management. BMSCL is a great platform to show each one's talents. To any new student coming to this Institution, I would say: 'Throw yourself open to any opportunity that comes in your way, if it gets too much, you can always scale back, but those opportunities can make all difference between getting what you want and having to settle for second best.'"

**Divyah Karthikumar**  
I Semester, B.A LL.B, 'A' Section

"I would describe B.M.S. College of Law as encouraging, dynamic and warm. The best thing about being a student here is the number of opportunities available that has helped me shape my personality and discover my skills. Our Principal, faculty members and the Non- Teaching Staff are student friendly and they are always ready to help us in every possible way. Even though we had online classes, our college made sure every student gets the same knowledge, exposure and opportunities just like regular classes. BMSCL not only imparts knowledge but also helps us in building our character and practical skills and that is the most important aspect for future lawyers. I am grateful and much excited to continue my journey towards my career with BMSCL"

**Roshana R. Gopal**  
I Semester, B.A LL.B, 'B' Section

"BMSCL has good infrastructure and the necessary facilities and equipment for learning the concerned subject. The College is situated amidst a lush green Campus. The library has a wide collection of books helping us to learn the related subject, along with the facility of Wi-Fi. The classrooms are clean and food in the canteen is hygienic. Several events and fests are organized here. Overall, it's a socially active and engaging college. Faculty here are very interactive and helpful. The syllabus is completed on time and they provide good knowledge about all the sectors. The teaching methodology incorporated here is student friendly. The fellow students are supporting. The seniors are supportive and welcoming. There is a good Alumni connect as well. The location is also safe; it can handle emergencies."

**Brinda B. R.**  
I Semester, LL.B, 'A' section

"First, my experience in college has given me a chance to sharpen my skills in my field of choice. Because of this, I realized I still had a lot to learn despite what I thought; but this allows me to improve my skills more as I continue to attend school and also gives me more confidence in my area. This concept can be applied within an educational context as well a more personal discovery of self. College life prepares you for all of this. It is a perfect blend of joy and hardships. You meet different people, you interact with them, you learn about their cultures and grow as a person. You will understand how to talk to different people, how to judge their behavior, thus helping you with important life skills."

**Rajath P.**  
I Semester, LL. B, 'B' section

"B.M.S. is one the most recognized and best colleges in Bengaluru for students pursuing law. The admission procedure was easy and not time consuming. We have the best and experienced faculties for guiding us in order to be successful and to be competitive in this world .The seminars which were given by experienced guest faculties was really helpful in getting the in depth knowledge regarding the subjects We have a student friendly atmosphere in college which helps us interacting with people of different cultures and traditions so that it helps us exchange the knowledge and become better. We have had online and offline internships which has helped us to improve the skill sets and have improved communication skill. ## Alumni Corner

**Justice. S.N. Sathyanarayana**  
Former Judge, High Court of Karnataka

I am an alumnus of this college. I did my LL.B. between 1978 and 1981. The college has continued to be a premier institute of law. The best jurists and stalwarts in legal profession have taught different subjects in this college.

**Sri. H.S. Dwarakanath**  
Advocate

I have special affection and regards for BMS College of Law because of the confidence that the college had reposed in its students. In 1973, when I was pursuing my LL.B. here, I couldn't pay the fees and I had not submitted my exam application. Noticing this the management asked me the reason and I said I don't have enough money to pay the fees. The management was so generous that it permitted me to pay only the examination fees exempting tuition fees. I cannot imagine any other college which would show such generosity towards its students. I am ever grateful to the Management and the College for this. Thus, I feel BMSCL offered me the best opportunity to develop skills in community interaction and development.

**Sri. Ravi Verma Kumar**  
Former Advocate General,  
Senior Advocate, High Court of Karnataka

I was a student of this college between 1972 and 1975. I did my LL.B. here, when Prof. V. Krishnamurthy was the Principal. Sri. Y. Ramachandra, former Mayor of Bengaluru, was the Chairman of the college. He used to visit the college every day to ensure smooth administration and used to spend time with the students and motivate them to become lawyers. He ensured that the library was open throughout the day for the benefit of students. Prof. M D NanjundaSwamy, L. G. Havanur, Prof. C. B. Motaiah, Prof. B. Venkatakrishnappa, Prof. H. R. Venkataramaiah, Prof. W. K. Joshi and Prof. A. V. Srinivas were our teachers. With such stalwarts as our teachers, we had no choice but to be good lawyers.

Therefore, I owe my professional career entirely to B.M.S. College of Law. I am sure even now the faculty is equally good and inspires the modern day youth to take up legal profession in a big way.

**Smt. RAMYA K.**  
Alumnus, (Batch of 2009-2014)  
Assistant Professor of Law,  
B.M.S. College of Law

B.M.S. College of Law, a pioneer Institution in the field of imparting Legal Education acquainted us with all the skills required to serve in the practical field. During my Post-Graduation, I managed to bag three University Gold Medals and a first Rank for which I thank my mother Institution for having equipped me with a strong foundation. Along with the theoretical education, BMSCL fostered an improvement of my resilience and psychological development. Being an Alumnus of this great Institution was a privilege and I find myself fortunate to have found my career in B.M.S. College of Law.

**Sri. Rajiv Gopinath**  
Alumnus (Batch of 2006-2011)  
Assistant Professor of Law,  
B.M.S. College of Law

It's a great honor for me to write this testimonial, B.M.S. College of Law has been instrumental in enabling me as a student to acuminate the skills required for the practicing professional. As a student, I was exposed to the rich culture, accomplished alumnus and exercises like the chamber visits, court visits, ADR which helped me immensely in recognizing the starting points of advocacy and later building upon the same in my career as an advocate. Now, I have returned back to the roots of the Institution and am currently serving as an Assistant Professor of Law at a place where I was once a student myself and I had an inception of the required analytical and research oriented base which has made me what I am today.
