Knowledge to Justice

## PROSPECTUS 2023-24

## **Motto of Institute**

Knowledge to Justice

## **Vision of Institute**

- To create a peaceful society by imparting world class forensic education to students, common man and professionals.
- To make the institute an all inclusive centre of excellence for forensic education, research and consultancy services.
- To make available well trained forensic experts.
- To support the police in criminal investigation process, thereby strengthening justice delivery system.

## **Mission of Institute**

- To emerge as a global consortium of forensic education & research that will lead to prosperity, integrity and peace.
- To provide affordable world class forensic education through training, projects, research and investigation.
- To create conducive environment that foster critical thinking, creativity and innovation amongst students and faculty.
- To inculcate ethical values and encourage scientific temperament amongst the students and professionals.
- To provide training to students to build independent career and guiding them in the areas of creating job opportunities and self employment.
- To enhance infrastructure, technology and ICT facilities and maximize capacity building of the students.

## About Govt. Institute of Forensic Science, Nagpur

The “**Government Institute of Forensic Science, Nagpur**” was established vide GR No. NGC 2011/(20/22)/MASHI-4 dated 22 July 2011. It is the only institute in Vidarbha which offers UG, PG and PG Diploma Courses in Forensic Science.

Forensic science is basically the application of various scientific methods and techniques for the purposes of justice. Forensic Science often seeks to provide answers to a number of questions like - What? Why? Where? When? Who? How? from Whom? and so on!

We, at **Government Institute of Forensic Science, Nagpur** are playing a leading role in nurturing young minds in this field of interest, since inception in 2011. We offer exciting opportunities to the students who are interested in opting for a challenging career in the field, leading to the award of B.Sc. Forensic science Degree, M.Sc. Forensic Science Degree, P.G. Diploma in Forensic Science and Related Law (PGDF) and P.G. Diploma in Digital and Cyber forensic and Related Law (PGDC).

Our well equipped library with a huge range of books, laboratories, experienced and enthusiastic teaching staff, and extensive learning support facilities in the form of regular mock crime scene demonstrations, guest lectures, seminars, educational visits to various institutions of academic importance, etc. provide a stimulating study environment for the benefit of our students. Each year the institute is updated with new and latest facilities for the betterment of our students.

This hands-on course with world class facilities helps the students to build solid foundation of skills and knowledge. The institute emphasizes on overall development of students. The students graduating from this institute have opportunities to work in diverse range of industries and organisations. Apart from academics, students are encouraged to participate in sports, arts, and other fields to showcase their talents and explore their unique potentials.

The courses are aimed at creating informed citizenry as well as a workforce that would be able to stand up to the ever rising stature of crime and criminals in the society. We want to change and reverse the notion that the “criminal is always one step ahead of the investigation agencies”. Our comprehensive syllabi, practical oriented & skill based teaching-learning (would) enable(s) our students to be useful and ready (for) to the investigation agencies (Police, CID, CBI, etc.); to the Forensic Science Laboratories (District, Regional, State & Mobile units); to colleges &/or institutions (as qualified teachers for the subject i.e. Forensic Science); various laboratories (undertaking quality control, quality assurance, analytical work, research, etc.); as forensic experts (to give ‘expert witness’ as an aid to the court & lawyers as amicus curiae, etc.) to name a few!

## **From Director's Desk**

Crime scenario is rapidly changing at global level. Latest technology is being used by the criminals to commit crimes affecting the common man in every walk of life. There is a need to impart education to scientifically encounter such scenarios. Government of Maharashtra has three such institutes imparting education in Forensic Science at Mumbai, Aurangabad and Nagpur.

Government Institute of Forensic Science (IFSc) Nagpur operates under the Higher and Technical Education Department of Government of Maharashtra and is affiliated to Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur.

The curriculum is at par with the global standards and was formulated by a study committee formed by Higher and Technical Education Department of Government of Maharashtra. The global level curriculum will create enormous job opportunities and evolve strong personnel, addressing the present day crime scenario.

The Institute takes diligent efforts and utilizes modern scientific methods backed with continuous research to impart quality education to its students.

I welcome you to the family of Government Institute of Forensic Science, Nagpur.

**Dr. Anjali Milind Rahatgaonkar,  
Director,  
Govt. Institute of Forensic Science,  
Nagpur**
