

THE GLOBAL OPEN UNIVERSITY, NAGALAND

(ESTABLISHED BY THE STATE LEGISLATURE AS PER SECTION 2(f) OF UGC ACT 1956)
RECOGNISED BY DISTANCE EDUCATION COUNCIL (IGNOU), MINISTRY OF HRD, GOVERNMENT OF INDIA, NEW DELHI

I am very happy that The Global Open University,
Nagaland has been established by the
Government of Nagaland
under the State legislation “The Global Open University
Act 2006”. I am confident the university would continue
to rise higher and higher in the academic world in future.

HON'BLE SUKHADEO THORAT

CHAIRMAN

University Grants Commission (UGC)

New Delhi

Source: Letter of Hon'ble UGC Chairman to Dr. P. R. Trivedi

The Global Open University is a statutory University legislated by the Government of Nagaland for providing need based vocational and job oriented distance education. The State Government is supporting The Global Open University in a big way by providing a Campus with a multi-storey building where the University authorities have developed an excellent infrastructure with Wi-Fi Computing and internet facilities besides Library, Documentation Centre, Self-Instructional Material Development Centre, student friendly Online Education and Training System for an optimum development of the students.

HON'BLE NEIPHIU RIO

CHIEF MINISTER
NAGALAND

Source: Message of Hon'ble Chief Minister to Inspection Team of DEC

GOVERNOR OF GUJARAT

"I am pleased to know The Global Open University, Nagaland has decided to launch MBA Degree with specialization in entrepreneurship development."

His Excellency Nawal Kishore Sharma
GOVERNOR OF GUJARAT

GOVERNOR OF TRIPURA

"I am glad to know that The Global Open University, Nagaland has been established with a view to launching employment centric programmes. It is heartening to learn that the University is introducing specialized courses of study in emerging fields like medicinal plants, health care, eco-tourism and disaster management as also MBA degree courses for promoting entrepreneurial skills."

His Excellency D.N. Sahaya
GOVERNOR OF TRIPURA

CHIEF OF THE AIR STAFF **AIR HEADQUARTERS** **NEW DELHI**

"I am very pleased to learn that The Global Open University, Nagaland, was inaugurated earlier this year, providing another front of learning for the youth of the State and beyond."

AIR CHIEF MARSHAL F H MAJOR CHIEF OF THE
AIR STAFF
AIR HEADQUARTERS, NEW DELHI

GOVERNOR OF HARYANA

"It gives me pleasure to know that Nagaland Government has established The Global Open University for launching Employment Centric Programmes. The decision of the University to start higher education in emerging fields like medicinal plants, biotechnology, bioinformatics, nanotechnology, mass communication, healthcare, tourism-travel and hospitality management, environment education and disaster management is laudable."

His Excellency A.R. Kidwai
GOVERNOR OF HARYANA

Message from the Pro Chancellor

Dear Prospective Students,

We are very much pleased in greeting all of you for a happy and successful academic life through the online education of The Global Open University. Besides welcoming you personally we wish to assure you of our fullest cooperation for offering different courses of study through the online education mode of The Open University.

The Global Open University has initiated various steps for improving the quality of education and the methodology of imparting need based open distance, online and virtual education for catering to the growing needs of the twenty first century and the third millennium.

Online education mode is one of the most effective modes of imparting instruction to the students both in the developing as well as in the developed countries of the world. It is in this context that The Global Open University has introduced Bachelor's, Master's and Doctoral Degree Programmes through online education for the first time in India with a view to enabling all those who are not able to attend the regular class rooms for acquiring higher as well as additional qualification.

The details of different vocational and job oriented courses are given in the following pages for the benefit of the students interested in acquiring necessary skills to become employable in the long run. The idea behind offering these employment centric programmes is to also stress on self-employment so that our country may have more number of job givers rather than job seekers by acquiring entrepreneurial leadership as well as managerial competence.

May we accordingly expect all prospective students and participants to throw themselves into a new setting as well as a new environment of online education with full of zeal and enthusiasm by acquiring the much needed knowledge so that the Indian citizenry could use their Knowledge to the fullest extent of their abilities.

Prof. Dr. Priya Ranjan Trivedi
Pro Chancellor

ABOUT THE U

The Global Open University, Nagaland has been established by an Act of State Legislature under "The Global Open University Act 2006" (Act 3 of 2006) by the Government of Nagaland. After receiving the assent from the His Excellency, Governor of Nagaland, the establishment of the university was notified in Government Gazette vide notification number Law/Act-10/2006 on dated 18th September 2006. The Distance Education Council, New Delhi has recognised the Global Open University, Nagaland vide letter DEC/GOU/NGL/Recog/2008/8685 dated 2nd June 2008. The Global Open University, Nagaland is empowered to award degree as specified under section 22 of the UGC Act, 1956 vide UGC Letter No. 4-2/2007 (CPP-1) dated 26th February 2008. His Excellency, Governor of Nagaland, is Chancellor of the University. The Global Open University, Nagaland is administered by a Governing Council. The Council has distinguished dignitaries among its members having representatives of Nagaland Government, an educationist of repute and an academician nominated by Pro-Chancellor. The Academic Council is responsible for all academic matters.

The Global Open University, Nagaland has interim headquarters at Dimapur (Nagaland). The University Campus has well-equipped physical and academic infrastructure with workshop, laboratories, computer lab and library. The Act of The Global Open University, Nagaland permits the university to offer programmes

through online and distance education mode across the country and abroad. The Global Open University, Nagaland has become a pioneer in India by introducing Technology Enabled Learning (TeL) and on demand on-line Examinations to pursue its mission of providing means for "Self – paced, Self – styled" any time, anywhere learning.

The Global Open University, Nagaland was established by the Government of Nagaland to achieve the following objectives:

- Accommodating of those who could not get entry into the conventional system.
- Democratizing higher education by taking it to doorstep of the students
- Expansion of Higher Education Opportunity
- Promoting and developing distance and online education in India and Abroad
- Offering need-based academic programmes by giving professional and vocational orientation of the courses.

PROMINENT FEATURES:

TGOU has certain unique features such as:

- University recognised by DEC, New Delhi
- International Jurisdiction
- Hazel free admission process.
- Independent Study: flexibility in terms of place, pace and duration of study.
- International Student support services network.
- Use of modern information and communication technologies.
- On Demand Online Examination examination and

results are also announced the next day.

- Affordable fee structure
- Socially and academically relevant programmes based on students' needs analysis
- UGC approved syllabus
- All Courses as per UGC approved nomenclatures
- Scholarship to needy and intelligent students.

The Government of Nagaland have allotted the Government buildings and youth hostels for conducting Tourism, Hotel Management, Catering Technology and other job oriented courses for the benefit of young boys and girls from Nagaland. The Government of Nagaland has been approached for allowing the civil hospitals and animal husbandry campus to be used by "The Global Open University, Nagaland" for conducting Theory and Practical classes of UG, PG and other research programmes.

As of now "The Global Open University, Nagaland" have 30 Departments for conducting different programmes including Doctoral, Master's, Bachelor's, Diploma and Post Graduate Diploma Programmes in the field of IT, Management, Engineering, Paramedical, Hospitality and Tourism etc.

In continuation of its primary objective of increasing access to higher education, "The Global Open University, Nagaland" has pioneered the latest concept of Technology Enabled Learning (TeL) and this mode of education empowers the student for anywhere, anytime education that offers M.Phil, Master's, Bachelor's, Diploma and Post Graduate Diploma Programmes in the field of IT, Management, Engineering, Paramedical, Hospitality and Tourism etc. The focus area is the community which can not pursue higher education due to their constraints of

NIVERSITY

geography, time, economy or social status. Apex Foundation, which is the Exclusive Learning Resource Provider for “The Global Open University, Nagaland”, delivers the programmes through the Web Portal and authorised e-Learning Points spread across the country and abroad.

These e-Learning Points act as an access point for the purpose of advising, counseling, spot admission, or rendering any assistance required by the student in the context of the University's Technology Enabled Learning(TeL) Programme. The University uses a strong nationwide network of e-Learning Points to fulfill its mission of online education. This enables a student to choose an e-Learning Point that is easily accessible to them. To improve the quality of education, University authorised e-Learning Points will be equipped with an effective interactive Technology Enabled Learning(TeL) System.

All courses offered by “The Global Open University, Nagaland” are as per the Nomenclature specified by University Grants Commission (UGC), New Delhi that makes these courses universally acceptable.

“The Global Open University, Nagaland” revises its curriculum periodically as per the industry requirements and offers latest subjects and technologies empowering the students to get the latest skills to be employable. Learning Resource Provider also has industry tie ups with different Multinational Companies, Banks, Financial Institutions, Hotels & Restaurants, Hospitals, Clinics and other establishments to give hands-on industry exposure to the students.

“The Global Open University, Nagaland” offers a unique multi entry and multi exit system called the pyramid structure of the course under a system wherein a 10+2 student after going through one year of UG programme can take a diploma and exit or continue with the graduation degree. The Diploma students can enter the same system after some time from where they had left. Such admissions are termed as credit transfer. The same mechanism works for Post Graduate courses.

The Examination pattern of university ensures that understanding and knowledge of the candidate is extensively tested, the exam centers are established at reputed institutions all over India and abroad keeping in mind that students do not have to travel much far for appearing in the examination.

The Aims of Technology Enabled Learning(TeL) Programmes are

- To bring remunerative, more affordable, high quality and skill based education for all human beings.
- To simultaneously spread this kind of education to all parts of the globe at a rapid pace.
- To constantly monitor, manage and upgrade the programmes.
- Expansion of Higher education opportunity
- To produce energetic, effective, employable, efficient and ethically driven graduates and post graduates to serve the society.

The aim is not only focus on imparting subject knowledge and skills, but also to mould students with better conduct and character committed to the societal needs and national development.

JURISDICTION

Any dispute arising in all matters relating to TGOU Technology Enabled Learning(TeL) Programme shall be referred to the Courts and Tribunals having jurisdiction over Dimapur only.

Admission cannot be claimed as a matter of right. The TGOU is not responsible for the loss of or the delay in the delivery of postal articles sent to TGOU and Online Campus.

OUR MISSION

Our mission is to be innovative, inclusive and international University; committed to excellence in teaching, research and knowledge transfer and to serve the social, cultural and economic need of the nation.

OUR VISION

Our vision is to create a “Global Virtual Campus” where anyone is able to learn and achieve their dreams for internationally comparable quality higher education and an enhanced career. Our motto is “Vasudhaiva Kutumbakam” where the whole world becomes one family in our virtual campus.

VISION:

ONLINE CAMPUS™ seeks to encourage students to utilize Vision in future planning, perhaps envisioning themselves successfully achieving and academic and professional goals.

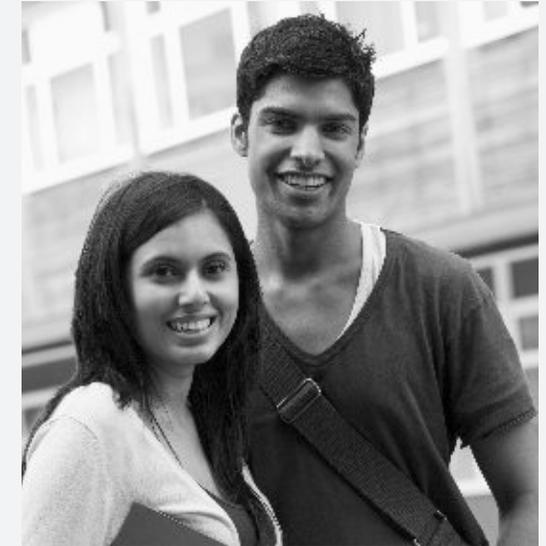

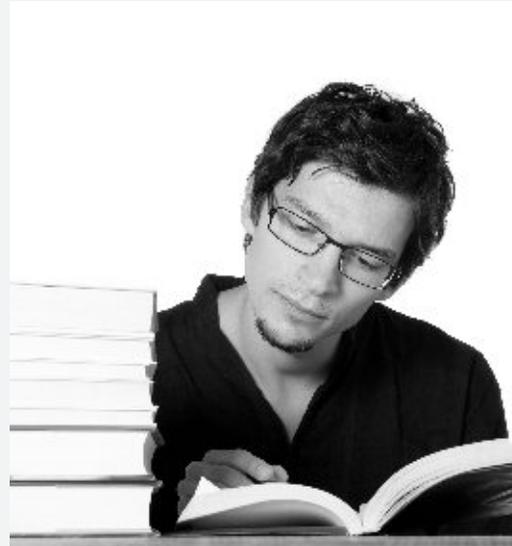

ABOUT ONLINE CAMPUS

The ONLINE CAMPUS™ Learning Management System (LMS) is a software package that enables the management and delivery of Distance Education. The ONLINE CAMPUS™ Learning Management System software can help make it simple for Administrator, faculty and students to use and customize your education efforts for their specific needs. ONLINE CAMPUS™ is the new paradigm, a new order and a new world of education beyond boundaries. The powerful software helps a University to create, collaborate, manage, publish course and conduct online examination, thus propelling the University as a global entity with a local presence.

ONLINE CAMPUS™ provides a student the Technology enabled learning framework to go through the complete life cycle of the Distance Education from Online Counseling,

Online Registration, Electronic admit card, Online issuing of hall tickets, Online accessing of digital course material, Virtual message board, Online technical aids support like Chat room, Discussion room, Parting query and paper presentation by students. The Software also allows online Assignment and allows the students to take online final examination and enables the administration to the award of the certificates.

The ONLINE CAMPUS has an educational foundation in Building Vision and Brilliance that leads to Success. Addressing the rapidly growing global demand for higher education, ONLINE CAMPUS™ helps full-time students and working-adult learners achieve their professional and personal goals with a broad range of career-oriented diploma and degree programs. The ONLINE CAMPUS™ operates a

global network of eLearning Points. Career-focused, multi-year degree programs prepare students for an increasingly competitive global workforce.

In general, traditional colleges and universities may not follow the changing world of today's career-oriented adults. Our objective is to deliver the highest quality Diploma and Degree Programs through innovative forms of Technology Enabled Learning(TeL). ONLINE CAMPUS™ fits your calendar, harmonizes with your career and compliments your personal endeavours. The ONLINE CAMPUS™ continues to expand its academic partner and program offerings to meet the

demands and requirements of both students and employers in the new international economy.

DEVELOPING PHILOSOPHY

Broadening Access to Higher Education Benefits Students, Economies, and Societies.

ONLINE CAMPUS™ is committed to serving all segments of the international higher education market-from traditional, college-aged students to working adults, and from those seeking an undergraduate or postgraduate degree to those interested in technical/vocational programmes. ONLINE CAMPUS™ is guided by these core beliefs.

1. Education is a global driving force for social mobility and economic stability.
2. Societies and nations win when more investment occurs in post-secondary education, regardless of the source of funding.
3. Individual dreams are fulfilled, and societies are advanced, by broadening access to university-level education among underserved students and markets, particularly where governments are unable to meet the growing demand.
4. The demand of an increasingly competitive global economy call for access to a higher education that equips students with the knowledge, skills, and international perspective required by all professions.

ONLINE CAMPUS™ was developed from deep commitment to guide and motivate students to Inspire Vision, Create brilliance and Achieve Success.

BRILLIANCE:

ONLINE CAMPUS™ seeks to maintain a challenging academic environment in which students think beyond conventional boundaries, design innovative and effective solutions to boundaries, design innovative and effective solutions to solving problems as an intellectual process that approaches Brilliance.

SUCCESS:

ONLINE CAMPUS™ seeks to provide students with knowledge, innovative leaning tools and opportunities, practical skills and the confidence to achieve Success.

“I endorse the efforts of the University Authorities for launching employment centric programmes at Bachelor's, Master's, M.Phil and Ph.D levels in the emerging fields. I am confident that the refreshingly new approaches of the budding University would usher in a new era of higher education in the North East India in no time. Let the new University be a light house for the marginalized people of the region.”

Prof. Tapodhir Bhattacharjee
Vice Chancellor
Assam University
Assam

TECHNOLOGY ENABLED LEARNING(TeL).....

NEW DIRECTION IN EDUCATION

THE Technology Enabled Learning(TeL) is a platform for providing Internet enabled Education. Its significance has increased as the penetration of Internet clearly indicates the worldwide acceptance as a communication tool. Technology Enabled Learning(TeL) uses Internet as a media for leveraging the pitfalls of our traditional education system by providing an environment, which is more learners centric rather than being more instructor centric, powered by Internet Technology. The Technology Enabled Learning(TeL) has laid a new chapter in education. Through the Technology Enabled Learning(TeL), learners can now undergo training sitting at their home or any other place with Internet accessibility and continue their education.

Education shapes the destiny of a nation. It is the principal instrument of developing human capabilities and transforming the economy. The traditional structure of the classroom has existed for thousands of years and has evolved by passing through various phases. The first phase was the Gurukul where gurus imparted knowledge to shishyas. Then came the second phase where the teacher taught using blackboard and chalk. In the third phase virtual aids like OHP and multimedia took over the traditional system of imparting education.

Now comes the Education Revolution! Barriers of time and space have been eroded.... Education becomes ONLINE. Technology Enabled Learning(TeL) is Internet enabled technology driven education that allows you to study Anytime.... Anywhere.... as per your convenience. In the context of rapid technological advancement and

changing global market, the impact is felt on every field including education arena. Technology Enabled Learning(TeL) is one of the ways of imparting effective education to the aspiring people, residing anywhere in the world, to pursue and advance their learning process via Internet, without messing up their professional responsibilities and duties with education by presenting a variety of solutions and subjects beyond the scope of traditional education. Technology Enabled Learning(TeL) helps to increase the educational experiences irrespective of age and geographical diversity.

Technology Enabled Learning(TeL) is an umbrella term that describes learning done on a computer, usually connected to a network, giving us the opportunity to learn almost anytime, anywhere.

Technology Enabled Learning(TeL) is not unlike any other form of education - and it is widely accepted that Technology Enabled Learning(TeL) can be as rich and as valuable as the classroom experience or even more so. With its unique features Technology Enabled Learning(TeL) is an experience that leads to comprehension and mastery of new skills and knowledge, just like its traditional counterpart.

Instructional Design for Technology Enabled Learning(TeL) has been perfected and refined over many years using established teaching principles, with many benefits to students. As a result colleges, universities, businesses, and organizations worldwide now offer their students fully accredited degree, vocational, and continuing education programs in abundance.

Some other terms frequently interchanged with Technology Enabled Learning(TeL) include:

- Online learning
- Online education
- eLearning
- Web-based training
- Computer-based training (generally thought of as learning from a CD-ROM)

Technology Enabled Learning(TeL) is a broad term used to describe learning done at a computer.

WHY TECHNOLOGY ENABLED LEARNING(TeL)

We have to keep on learning so that we can grow personally, professionally, socially and economically. For thousands of years, the paradigm of learning was the classroom-training model. In a time when formal learning was scarce, resources were concentrated around and centered on the availability of the educator, rather than the learner. Today Technology Enabled Learning(TeL) is the self-paced learning methods combine advanced technology and multimedia in a format that engages students so they learn faster, participate more actively and consequently, retain information longer.

FEATURES OF TECHNOLOGY ENABLED LEARNING(TeL)

"Good teaching is good teaching, no matter how it's done." The old adage still rings true, and Technology Enabled Learning(TeL) brings with it new dimensions in education.

Some of the unique features of Technology Enabled Learning(TeL) are listed below.

- Learning is self-paced and gives students a chance to speed up or slow down as necessary
- Learning is self-directed, allowing students to choose content and tools appropriate to their differing interests, needs, and skill levels
- Accommodates multiple learning styles using a variety of delivery methods geared to different learners; more effective for certain learners
- Designed around the learner
- Geographical barriers are eliminated, opening up broader education options
- 24/7 accessibility makes scheduling easy and allows a greater number of people to attend classes
- On-demand access means learning can happen precisely when needed
- Travel time and associated costs (parking, fuel, vehicle maintenance) are reduced or eliminated
- Overall student costs are frequently less (tuition, residence, food, child care)
- Potentially lower costs for companies needing training, and for the providers
- Fosters greater student interaction and collaboration
- Fosters greater student/instructor contact
- Enhances computer and Internet skills
- Draws upon thousands of years of established pedagogical principles
- Has the attention of every major university in the world, most with their own online degrees, certificates, and individual courses

BENEFITS OF TECHNOLOGY ENABLED LEARNING(TeL)

Enables education anywhere, anytime and to anyone-

The world-wide-web empowers the University to deliver training & critical information to its wide spread student base no matter where & what time zone the users are in. They can just access it whenever they feel like, from home or from office.

“It gives me pleasure to know that The Global Open University of Nagaland is launching employment centric programmes at Bachelor's, Master's, M.Phil and Ph. D. level in the field like medicinal plants, biotechnology, nanotechnology, mass communication, healthcare etc.”

Hon'ble Narendra Modi
Chief Minister
Gujarat State

“I congratulate the Government of Nagaland for taking this step. As we all know that it is now difficult for conventional university to impart higher education to the masses in general and in the rural areas in particular. The University will march rapidly on the path of progress and the people of Nagaland will have the taste of the fruitful fruits getting out of the University.”

Dr. N.V. Vasani,
Vice Chancellor
Nirma University of Science
& Technology
Ahmedabad

Always on - Class starts when you want.

Facilitates self-paced learning- It gives the students the flexibility to go through the programme content at the time that is most convenient to him and thereby achieves an appropriate balance of work, family, community and educational commitments.

Better Access - Determining the best time to schedule a class and lure the student into the "brick and mortar" classroom is one of the major drawbacks of traditional training programs. Technology Enabled Learning(TeL) provides access to training for students when and where they need it.

Cost Savings - A much-touted benefit of Technology Enabled Learning(TeL) is cost savings. Lot of amount can be saved in travel and downtime alone by using Technology Enabled Learning(TeL). Training materials can be updated for a fraction of the cost of revising materials distributed by other means. Payback can be seen clearly over the near and long term.

Learner Focused - Technology can personalize content and anticipate learner's future information learning needs. It also can match content with each individual's learning style, experience and skills.

Measurable - Powerful Learning Management System (LMS)

features make the implementation, hosting, tracking, testing, auditing and administration of online courses a flawless process. Technology Enabled Learning(TeL) provides secure and reliable systems for recording and capturing what an individual knows and is able to do.

Better Learning Outcomes - Research from around the world has proven that the Technology Enabled Learning(TeL) results better outcomes in terms of learning and knowledge retention when compared with traditional methods of teaching.

Faster Response Time - time sensitive training can be delivered faster than through traditional classroom methods. By using communication technology to deliver training to multiple sites at the same time, Technology Enabled Learning(TeL) becomes a competitive advantage.

Better Use of "Experts" - an expert presenter or trainer can be used more cost effectively with Technology Enabled Learning(TeL) than through traditional classrooms. Programs that require the presence of an expert can send the expert's message to multiple sites simultaneously - saving time and money. And the message is consistent for every delivery of the course.

STUDENT SUPPORT

Help and advice - when you need it

ONLINE CAMPUS™ support staff is there for you at all stages of the enrolment and learning process. Your success is our priority.

Key contacts include your:

Enrolment Advisor

To help you get started, your Enrolment Advisor will guide you through the entire application process, and answer any questions you may have about your programme, modules, forms, fees, transfer of credits, and credits awarded through Prior Learning Assessment.

He or she will also advise you on the various financial options available and help you choose the plan best suited to your needs.

Once you have submitted the information request form through our website www.tgouonline.com, an Enrolment Advisor will contact you by email or by telephone to arrange a telephone interview at your earliest convenience.

You may also choose to telephone us directly at +91-80-42 77 00 00, +91-990 1682 233

Programme Manager

Once you have been accepted as a student by ONLINE CAMPUS™, a Programme Manager replaces your Enrolment Advisor as your guide for the rest of your programme. Your Programme Manager will help you build a schedule which shows which classes you need to take and when, based on your personal preferences and goals. He or she will also check in with you periodically to make sure you're comfortably on track.

You can contact your Programme Manager at any time with problems or questions regarding any University matters - including classes, instructors, attendance or grades. Technical support

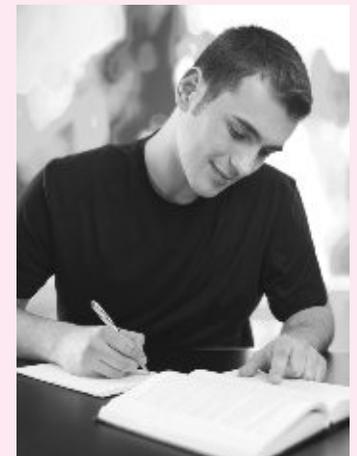

ONLINE CAMPUS™ uses proven software that is quick and easy to use. However, should you need technical assistance, a staffed Technical Support line is available 24 X 7.

You may also choose to telephone us directly at +91-80-42 77 00 00, +91-990 1672 233

“It is also important that readily recruitable pool of knowledge-workers is available to domestic and international investors interested in increasing their stake in the Indian economy. The Global Open University, Nagaland, is an important Institution for realizing these goals and fulfilling a long felt need of people of the area. I extend my best wishes to the University in its endeavors.”

Pawan Kumar Bansal
Minister of State for Finance
Government Of India

“The establishment of such a University will open the doors for interaction amongst the academicians and knowledge workers at the global level. I believe that the University will keep on scaling newer heights of achievements in the chosen areas for further development of the region and country as a whole.”

Dr. B.K. Sthapak
Vice Chancellor
Chhattisgarh Swami
Vivekanand Technical
University
Bhilai

ADMISSION POLICIES

ADMISSION

The goal of the University is to select students whose academic background, work experience, leadership abilities, communication skills meet the demands of the Professional Degree Programs. These individuals must be able to benefit from, as well as, contribute to the educational programs. Intelligent ethical, articulate and active individuals are encouraged to pursue this program.

BASIC ELIGIBILITY

The Basic eligibility for Admission to M.Phil., M. Tech. & M.S. Course is Post Graduate Degree. Post Graduate Degree means a candidate who has successfully completed a 2 year University Degree program.

The Basic eligibility for Admission to PG Course is Bachelor Degree. Bachelor Degree means a candidate who has successfully completed a 3 year University Degree Program. Note: Students having 2 years Bachelor Degree has to do a bridge course.

TECHNICAL REQUIREMENTS

The Technology Enabled Learning(TeL) programs require a reliable internet connection. ADSL or Broadband connections are recommended. Study with a dial up connection is possible but a minimum modem speed of 56K is required. As the platform used in ONLINE CAMPUS taught modules utilizes the windows operating system all students must be able to fully utilize Microsoft products.

Hardware and Software requirements for PCs are:

1. A reliable internet connection. ADSL / Broadband connections are recommended.
2. An email account.
3. Windows 2000, Windows XP, Windows Vista
4. Pentium IV or compatible running at 2.0 Ghz or higher.
5. 1 GB RAM (Random Access Memory)
6. 120 GB or Greater hard drive.
7. Microsoft Office
8. Adobe Flash Player (version 9 or higher)
9. Adobe Acrobat Reader version 8 or higher
10. Web Browser (Firefox 3.0 or Internet Explore IE 6 or higher version Firefox)
11. Java for Windows 6.6
12. Windows Media Player (Version 7 or higher)
13. CD /DVD drive installed or connected to Computer
14. Inkjet Printer / Laser Printer
15. Antivirus Software

To ensure your success, you should be proficient using email, the internet and common desktop productivity software.

FOREIGN STUDENTS

All foreign students seeking admission to the Technology Enabled Learning(TeL) Courses of TGOU must join a regular

course of a recognized University in India. Alternatively, they should either be working in India or should be dependents of a person working in India. The course under TGOU Technology Enabled Learning(TeL), can be undertaken simultaneously with the regular course mentioned above. No eligibility certificate will be issued to a student who comes to India only to join TGOU Technology Enabled Learning(TeL) Courses.

REJECTED APPLICATIONS

If the applicants do not satisfy the eligibility criteria, the applications are returned to them along with all enclosures and the fee paid after deducting Rs. 1000. Such students are, however, permitted to apply again after they satisfy the eligibility criteria. The students whose applications have been rejected may appeal to the University if they wish to have a review of their applications.

TRANSFER CREDITS AND WAIVERS

Students are given appropriate transfer credits under a system of advance standing reading to waivers at the time of enrolment, based on past academic records.

STUDENTS REGULATIONS

All the enrolled students will be provided with the Students Regulation which contain the various rules and regulations pertaining to administering the program and the examinations. All registered students are required to strictly adhere to the rules and regulations stipulated therein.

NO REFUND

The amount once paid is not refundable under any circumstances except in the case of rejected applications.

ONLINE ENROLLMENT

Students can enroll into any program by logging on to

www.tgouonline.com for filling the application form online and making the payment through Internet.

RIGHT TO AMEND RULES

The University reserves the right to amend the rules and regulations wherever considered necessary and appropriate without any prior notice. Such amendments will be intimated to the students through the website www.tgouonline.com. Therefore, this publication and the descriptions contained herein are not to be construed as a contract binding the University or the Learning Resource Provider to any specific policies. The students are advised to go through the website frequently where all circulars and important information will be hosted from time to time. Promulgation of any such information on the website in the form of circulars/notices is considered to be adequate.

eLEARNING POINTS

The University has authorised e-Learning Points at different location in India and abroad to render assistance to the students. The addresses of e-Learning Points are available on www.tgouonline.com. They are equipped to:

- Provide counseling to the students on various programs.
- Supply of admission material
- Acceptance of completed application form, basic amount and confirm spot admissions for those who satisfy the requisite criteria.
- Swiping facilities for Credit/Debit Cards
- Provide internet access to the enrolled students
- Answering student queries
- Attending student problems/grievances
- Facilities for downloading of of study material etc.
- Sale of all the publications of TGOU Press including Journals, Magazines and Books.

Please note that the examination results are confidential. The result will be declared on the website www.tgouonline.com which the students will be able to access with a protected password.

“It is good that the University has decided to launch Employment Centric programmes at Bachelor's, Master's, M.Phil. and Ph.D. levels in the emerging fields like Medicinal Plants, Biotechnology, Bioinformatics, Nano-technology etc.”

Dr. Rameshchandra Kothari
Vice Chancellor
Veer Narmad South Gujarat
University
Surat

“The programs launched by the University are in frontier areas covering different disciplines ranging from medicinal plants to Nano-technology. The identified programs are employment centric. I wish all success and hope the University will be on the global map in short period of time.”

Dr. P.G. Chengappa
Vice Chancellor
University of Agricultural
Sciences
Bangalore

TEACHING METHODOLOGY

The methodology of instruction in this university is different from that of the conventional universities. The Technology Enabled Learning(TeL) system is more learner-oriented and the learner is an active participant in the pedagogical (teaching & learning) process. The university follow a multiple media approach for instruction. It comprises:

SELF INSTRUCTIONAL MATERIAL

To make Learning easier, effective and interesting, TGOU has started providing most of its courses in Self Instructional Material (SIM) Format. The study material is specially designed by renowned authors with the Technology Enabled Learning(TeL) methodology in mind. Each study material book contains a bibliography mentioning additional reference books and material that the students can go through to enhance their understanding. The study material is written in a manner that is suitable for Technology Enabled Learning(TeL) and easy understanding of subject matter. Indian students who wish to receive the courseware in the printed form at their address are required to remit Rs. 2000 per annum towards the study material cost and courier charges.

International students who wish to receive the courseware in the form of hard copy at their overseas address are required to remit US\$300 per annum towards the study material cost and courier charges.

AUDIO-VISUAL MATERIAL AIDS

The learning package contain CD-ROM/DVD allows the students to take advantage of Technology Enabled Learning(TeL) benefits without need for an Internet connection.

LEARNING APPROACH

ONLINE CAMPUS offers specialized programs that suit every individual, meet corporate needs and are structured into delivery modes based on the program modules requirements and specialization:

eCAMPUS

The eCAMPUS delivery models is designed for today's computer- savvy technically oriented adult Learners who need more control of the time and place for learning. The use of adaptive learning techniques contributes to the sound instructional design for career-oriented professionals who prefer indirect "Internet based Education" that is flexible and innovative.

FlexiLearn

The FlexiLearn delivery model is designed for lifelong Learners who prefer pacing their educational experience to their own time schedule. It is more convenient education using the traditional methods of distance learning and is especially designed for those Learners who prefer printed materials and training classes due to limited access to a computer and internet.

TECHNOLOGY ENABLED LEARNING(TeL)

The Technology Enabled Learning(TeL) methodology is designed to help the flexible learning students study in a convenient computer based environment. TGOU is introducing the "Technology Enabled Learning(TeL)" methodology for all its students to provide a means for "self - paced, self- styled learning". Through this new initiative TGOU has become a pioneer in the country to provide quality Technology Enabled Learning(TeL) content which is

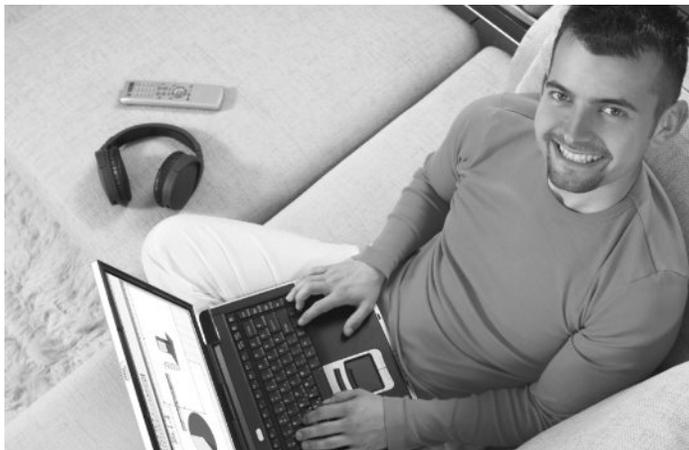

interactive, enhanced and makes the learning experience pleasurable. The Technology Enabled Learning(TeL) sessions present scenarios, audio / video clips, case studies, quizzes and an online assignment at the end. Students can thus not only enhance their understanding of the subject matter but can also save on time and cost by submitting an online assignment through the Technology Enabled Learning(TeL) session. Students will require log-in to the TGOU website to go through the Technology Enabled Learning(TeL) session.. TGOU will send a detailed instruction sheet on Technology Enabled Learning(TeL) to each student upon enrollment. The learning experience become more in-depth, flexible, convenient, personalize and above all enjoyable. The Technology Enabled Learning(TeL) methodology is rich and valuable; quite often more convenient than classroom learning.

TeL methodology includes

- eTextbooks
- eLectures
- Seek Advice Online
- Virtual Library
- Discussion Forum
- Mock Tests

e-MENTORING

TGOU is introducing an e-Mentoring support to all its students. e-Mentoring involves giving academic support

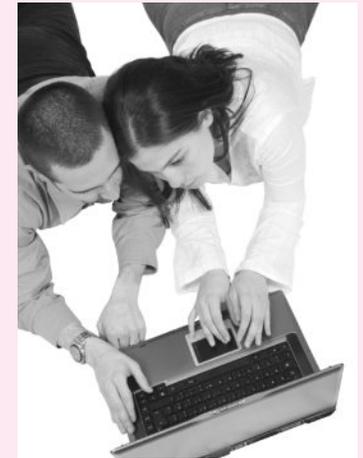

necessary for Technology Enabled Learning(TeL) learners. Through the e-Mentoring programme, students will be able to address their specific academic queries via e-mail to TGOU. These queries will be answered by our expert faculty and an in-depth reply will be sent to the students. This e-Mentoring support via e-mail will be available throughout the academic tenure of the each student.

PRACTICAL / PROJECT WORK

The practical and project work enables the students experience the rigor of business environment with the real life situations in organizations. The students are also required to prepare project report, which are then evaluated by the local counselors. Some programmes have practical components also. Practical are held at designated institution / Organization for which schedule is provided by the eLearning Points. Attendance at practical is compulsory. Keeping in tune with flexibility as regards choice of time for study one way is to skip practical during a year but for doing it in a subsequent year or in order to have a repeat exercise. Additional fee determined by the University has to be paid. For project work, eLearning Points will provide the necessary guidance but the learner will have to manage his/her own resources.

ONLINE ASSIGNMENT

Students can submit online assignments through Online Campus website – available 24X7. They can view their score card and details of attempts immediately on completing the assignment. The online questions are based on application and analysis levels of bloom's taxonomy and are developed by subject experts. The students are required to submit online assignments for each subject of the curriculum. The online assignment can be attempted for anytime during the respective year, through the website. The online assignment consists of easy objective questions and provides immediate results to students. Online Campus does not accept any assignment sent by post.

“I am happy to learn that The Global Open University, Nagaland established under the provisions of The Global Open University (Nagaland) Act 2006 (Act 3 of 2006) is launching employment centric programmes at Bachelor's Master's, M.Phil. and Ph.D. levels including MBA degree.”

Dr. S.P.S. Ahlawat
Vice Chancellor
Indian Veterinary Research
Institute Deemed University
Izatnagar

“The effort of Nagaland Government to establish The Global Open University needs to be approbated and taken as a model and flagship for other educational institutions to follow. I am sure that large number of students will take advantage of this opportunity to access employable knowledge in diversified fields through the media of The Global Open University.”

Prof. Avadhesh Kumar Singh
Vice Chancellor
Dr. Babasaheb Ambedkar
Open University
Ahmedabad

WEB SERVICES

The following web services are available to all the students:

Pre-enrolment Services

- Online Order Form for Admission material
- Online Counseling (Live Chat Facility)
- Online Enrollment through Secure Internet Payment Gateway.
- News@tgou: Updates on events like seminars, conferences, counseling meets, FDPs etc.
- Press Room: Press Releases, Press Clippings
- e-Newsletter
- Online Feedback Facility.

Post-enrollment Services

- Candidates Regulations (Technology Enabled Learning(TeL)Regulations / Program Regulations)
- Registration Facility (activation of student account) to avail a range of services under secure environment with User ID and Password.

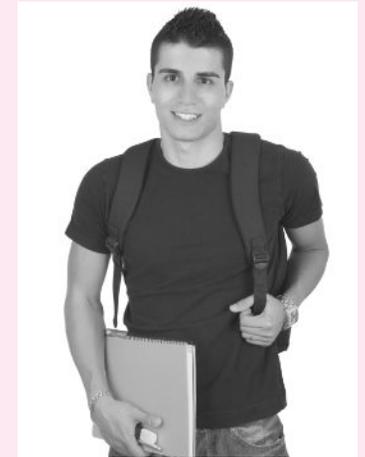

The Service include:

- View & Download Study Material
- Submit Online Assignments
- Online examination registration with downloadable admit card facility
- Online examination results with marks details
- Online admit cards
- View inward & outward dispatch detail
- View notices & Messages
- Model question papers & Suggested answers.
- Online payment for annual charges, de novo registration, Identity Card, Overseas Courier Charges, Overseas examination fee etc. through secure internet payment gateway.

- Online Prescribed Forms for:
 - Change of address / email
 - Non-receipt of courseware
 - Non-receipt of magazine / journal
 - Academic queries / clarifications
 - Administration queries / clarifications
 - General queries
 - Register Mobile Nos.
 - Student Feedback Form
 - De novo registration
 - Help line facility
 - Electronic student newsletter
 - Important information on training classes, examination schedule, test centers, revision of curriculum, convocation etc.
 - Access to online edition of the magazines and journals.
 - Online academic support and discussion for interacting with faculty, industry expert and fellow students.
 - The following services will be offered in due course:
 - Virtual Library: Links to articles, publications, informative sites, news item and reviews.
 - Online mock tests under simulated conditions
- Online teaching kits, Access lesson plans, lecture notes, reference links, presentations etc.

“It is good that the University has decided to launch Employment Centric programmes at Bachelor's, Master's, M.Phil. and Ph.D. levels in the emerging fields like Medicinal Plants, Biotechnology, Bioinformatics, Nano-technology etc.”

Dr. Rameshchandra Kothari
Vice Chancellor
Veer Narmad South Gujarat
University
Surat

“It is heartening to note that The Global Open University has planned for equipping students to take up jobs in emerging fields including the fastest growing Business Process Outsourcing and Knowledge Process Outsourcing sectors as well as enabling students to acquire entrepreneurial skills for turning them into job providers instead of becoming job seekers. Different campuses of the University will provide better reach to students across the State.”

Dr. KIRIT S. PARIKH
Member
Planning Commission
Yojana Bhavan
New Delhi

NATIONAL SCHOLARSHIP PROGRAM

The National Scholarship Program (NSP) is an academic Scholarship Competition for recognition and College Scholarship administered by APEX Foundation, a Non Governmental Organisation. APEX Foundation conducts two annual competitions for recognition and Scholarships: The National Scholarship Program is open to all students who meet entry requirements. Each year a total of approximately 10,000 scholarships are awarded through the National Scholarship Program. The NSP headquarter are located in Bangalore. Its objectives are to provide access to postschool education for all Indians, especially those facing economic or social barriers; to encourage a high level of student achievement and engagement in Indian society; and to build a national alliance of organizations and individuals around a shared post-school agenda.

The National Scholarship Program provides fee reduction for students, scholars and professionals to undertake Diploma, Undergraduate Degree and Post Graduate Degree course at any institute to be decided by APEX Foundation. The initial reach of this program had been primarily India, and now the program operates worldwide. The APEX Foundation are required to award scholarships on the basis of a student's academic records, intellectual ability and desire to use their knowledge to contribute to society throughout the world by providing service to their communities and applying their talents and knowledge to improve the lives of others. The National Scholarship Program hopes to create a network of future leaders from around the world who will bring new vision and commitment to improving the life circumstances of citizens in their respective countries. Over time, it is anticipated that National Scholarship Program Scholars will

become leaders in helping to address global problems related to health, equity, technology, and learning - all areas in which the Foundation is deeply engaged. The National Scholarship Program has been instituted because of rising costs of college and university education, ever more students have to apply for scholarships to strengthen their financial support in order to fulfill their dreams of higher education.

The National Scholarship Program offers the following scholarships for their future studies. Scholarships are awarded on the basis of academic performance in the qualifying exam. Scholarships are fee reduction on the published student's Tuition fee for a particular course. Scholarship available to students is as follows:

If you have scored more than 95% in the qualifying exam, you will be awarded 100% fee waiver of tuition fee and free study material!

No test required.

If you have scored between 85% and 95% in the qualifying exam, you will be awarded 50% fee waiver of tuition fee and Free Study Material!

No test required.

25% fee waiver on the online tuition fee and training fee given to the Central/State Govt./Defence/Public Sector Employees whose monthly salary is below Rs. 15,000/- (supporting documents to be enclosed to avail this facility)

No Test Required

If you have scored less than 85% in the qualifying exam, you have the opportunity to earn upto 25% waiver of fees as Scholarship on need- cum Merit basis by appearing for the General Admission Test (GAT).

REGULATION:

We wish you success in your pursuit of scholarship and grant assistance and in achieving your academic goals. If you receive a scholarship you must obtain 85 percent marks in each semester / annual examination. If you receive an award for the semester / academic year but do not obtain 85 percent marks in the examination during the first semester / year and subsequent examinations, your award will be automatically cancelled for the next semester / year. You may reapply for award consideration in the next academic year / semester.

Deadline & Notification of Award

Academic Session: Priority will be given to those students applying on or before October 30 for the Academic Session. Scholarship recipients will receive an award letter during the month of December. Applications received after this date will only be considered if funds are still available.

Calendar Session: Priority will be given to those students applying on or before April 30 for the Calendar Session. Scholarship recipients will receive an award letter during the month of June. Applications received after this date will only be considered if funds are still available. Incomplete Applications will not be considered

“I hope this Global Institution will attain newer heights and best wishes for the success of The Global Open University.”

Prof. Punjab Singh
Vice Chancellor
Banaras Hindu University
Varanasi

“We hope that the University will soon attain its cherished goals and cater to the educational requirement of people and also equip them to serve the society at large.”

Prof. (Dr.) M.K. Srivastava
Vice Chancellor
Hidayatullah National Law
University
Chhattisgarh

Pantnagar (Uttarakhand)

RULES & REGULATIONS

ENROLLMENT NUMBER

Enrolment Number will be assigned to every candidate on admission. The enrolment number will remain same for the total duration of course. Students should invariably quote their enrolment number in all their correspondence with the TGOU, to facilitate prompt response from the University. Letters/e-mail received without the enrolment number will not be entertained.

IDENTITY CARD

Every student will be issued an identity card which should be carried by them at all times while being at the e-Learning Point and produce it when requested.

The identity card issued to a student is e-Learning Point specific. Students have the privilege to utilize the facilities provided to them in the particular e-Learning Point they have got the admission, and will not be valid in any other e-Learning Point.

In case of loss of Identity Card, a duplicate shall be issued at a specified cost, subject to a written request from the student, duly signed by e-Learning Point authorities. The Identity Card is valid only for the duration of programme the student has sought the admission for. Students are advised to keep the ID card carefully, as it provides proof of their bonafide student status.

PAYMENT OF FEE

It is the responsibility of the students to pay their fees within the deadline as communicated by the University through website www.tgouonline.com. The fee has to be paid before the start of the year as per the deadlines. The e-Learning Point shall not make any individual correspondence for fee submission.

In case the student doesn't pay the fee within the deadline late fee will be charged as per decision of the University. In case the student doesn't pay the fee during the above mentioned period, the student will be deemed to have dropped the course & will not be allowed to continue the programme.

The fee is non-refundable and cannot be adjusted for subsequent years.

Students must check the University website www.tgouonline.com for important instructions & deadlines. The mode of payment shall be ONLY Demand Draft in favour of **“The Global Open University, Nagaland”**, payable at **Dimapur**.

TGOU & Apex Foundation will not be liable for fee paid in cash to the e-Learning Point.

OTHER UNIVERSITY FEES

Other University fees such as statement of marks Rs 150/-,

provisional certificate Rs. 500/-, degree certificate Rs. 750/-, consolidated mark sheet Rs. 500/-, change of name Rs. 250/-, change of centre Rs. 1000/-, any duplicate certificate Rs. 1000/-, rank certificate Rs. 250/-, late submission of dissertation/ project per month Rs. 600/-, Duplicate Identity Card Rs. 250/-. Examination Fee Rs. 250/- per Subject, Lateral Entry Fees is Rs. 2000/- per year and Entrance Test Fee for Open University System (OUS) Programs is Rs. 1500/-.

LIBRARY

Online Campus provides Virtual Library with links to articles, publications, informative sites, news items and reviews.

Every e-Learning Point has its own Library. Only valid Library cardholders will be eligible to use the library facility.

The student can get issued one book/magazine at a time for one week. If the book/magazine is overdue, a fine of Rs. 10/- per day will be charged.

In case of loss or damage to the book, student will have to bear the expense of the book or replace the same.

In case of loss of library card, duplicate card (on cost) will be issued on the submission of a written request to the e-Learning Point authorities. Library card will be valid only for the regular duration of the programme. Library card will be valid for only the e-Learning Point in which the student has got admission.

CENTRE TRANSFER POLICY

e-Learning Point transfer will be allowed only to other cities in case of situations, like transfer of job, medical grounds etc. and that too will be with the approval of existing e-Learning Point, Online Campus & the University. The student is not permitted to take transfer to any other University/College or other TGOU affiliated institutions. Transfer from one e-Learning Point to another for foreign nationals is not permitted.

Centre Transfer will be allowed only if the course is being conducted at the destination e-Learning Point. The student

will agree to the batch timings as suggested by the destination e-Learning Point.

If the student takes transfer to any other e-Learning Point without the approval of University, his/her admission will be cancelled & the fee will stand forfeited.

Centre Transfer within the same city or within the radius of 10 Kms is not allowed under normal circumstances.

Mid session transfer is not permitted. In case of Centre Transfer the student has to fill a Centre Migration Form and obtain a No-objection Certificate from the existing e-Learning Point & destination e-Learning Point.

EVALUATION AND GRADING

Evaluations are conceived, developed and administered on a rigorous and fair basis to bring out the best in students and prepare them for challenging careers. A student's performance is based on:

Continuous evaluation carrying 30% weightage on the final score. Continuous evaluation is done through online assignments and practicals.

University examinations conducted at the examination Centres and evaluated by the University, carrying 70% weightage on the final score.

In each subject, a student should secure at least consolidated 50% marks in continuous evaluation and University examinations to be declared pass.

Based on the student's performance, the following grading system will be adopted:

A = Excellent (+80%)

B = Very Good (+70%)

C = Good (+60%)

D = Satisfactory (+50%)

E = Failure

If a student fails to clear any of the papers, he/she has to re-appear for the relevant paper by applying to the University through the examination form along with relevant fees, within the due date specified by the University.

“Education of good quality is the need of the hour and our youth must be able to compete in every field of life and culture. I am sure that the University will cater to the need of the society and will flourish in its activities in the years to come.”

Prof. H.C. Trivedi
Vice Chancellor
Bhavnagar University
Bhavnagar (Gujarat)

“Establishment of such an Open University in the North East is the need of the hour, which you have tried to fulfill.”

Dr. T.D. Sharma
Vice Chancellor
Sunderlal Sharma (Open)
University Chhattisgarh
Bilaspur

“The programme already seem to be very attractive and promising. In due course, I am sure the University will develop similar other programme and would become a centre of excellence in that part of our country, where it is most urgently needed.”

Prof. Dr. M.P. Singh
Vice Chancellor
The WB National
University of Juridical
Sciences
Kolkata

ONLINE ON DEMAND EXAMINATIONS

Students are required to appear for online on-demand examination for each subject of the curriculum. Online examinations are conducted through authorised eLearning points in more than 100 cities across India. TGOU reserves the right to add or delete any examination centre. The online examinations provide students with the flexibility of appearing for any paper, as per their convenience during the one month examination period. Examination will be held normally in the month of July and January each year as the case may be. The TGOU reserves the right to hold examination during any other period as may be decided by the University.

Examinations will be held on all days including Sundays and other Holidays to enable the candidates who are employed to attend the examinations.

International Students can be administered the online examination through Approved Examination Centres, Embassy offices / Reputed Companies / Universities. Detailed instructions regarding the online Examination will be sent to students before the exams and also upload on the website. Students who wish to appear for examinations at any overseas test centers are required to contact the Indian Embassy/High Commission/Consulate Officials/Approved Examiner and obtain their consent to supervise the examinations. Such students are required to mail the consent along with the Examination Form and the specified examination fee.

The necessary consent from the Indian Embassy/High Commission/Consulate Officials/Approved Examiner for appearing in the examinations should be obtained by the student.

AWARD OF DEGREE/DIPLOMA/CERTIFICATE

DMC shall be issued only to students passing all the subjects of the yearly examination.

The Degree/Diploma/Certificate will be awarded to the student only if he/she has acquired a pass grade in all the term-end examinations within the maximum duration of the course.

The degree/diploma is processed after one year of successful completion of course but a provisional degree certificate can be obtained by the student by depositing requisite fee along with copy of all Detail Marks Card through a request form. The student of final year of Degree/Diploma course will have to submit the Degree Issuance Application along with the requisite fee as prescribed by the University at the time of Re-Registration for the Final Year.

In case the student does not clear all the term-end examinations in the maximum time as mentioned in the course details he/she will not be awarded any Degree/ Diploma/Certificate. In such case no refund of fee will be given.

DISCIPLINE

Students are required to follow the decorum while attending the programme.

Students will not be allowed to enter into the e-Learning Point without permission of the e-Learning Point authorities, once they have completed the programme or have been expelled.

TGOU & Online Campus has the discretion to close any e-Learning Point and in such cases the concerned student should contact the Online Campus for re- allocation to a new e-Learning Point.

This prospectus carries an admission form. Students must go through the detailed instructions before filling the application guidelines TO COMPLETE THE APPLICATION FORM

The students are advised to read the following guidelines carefully before completing the Application Forms.

- a. The Application Forms should be filled in capital letters.
- b. Please respond to all information sought.
- c. Additional sheets may be used, if necessary.
- d. Ensure that the Application Forms are signed by the respective signatories.

“I am sure with the introduction of the new course, the young generation would be able to tackle various problems arising out of population explosion, poverty, unemployment, pollution etc in the years to come.”

Dr. Lokesh K. Shekhawat
Vice Chancellor
Jai Narain Vyas University,
Jodhpur

APEX FOUNDATION THE APPROACH

Focusing on Student Outcomes by Delivering Internationally Minded Education Locally.

By broadening access to university level education among students and markets that have been faced with limited options in the past, Apex Foundation not only helps fill the gap between supply and demand, but presents a network of post secondary institutions that facilitates the movement of programs, students, faculty and best practices to deliver a truly international education experience at affordable tuitions levels.

As Apex Foundation continues to develop its worldwide network of eLearning Points, our approach will be marked by the following commitments:

- Apex Foundation will be driven by the outcomes achieved by our graduates, focusing on transforming individual students into world-class professional who are well –equipped with knowledge and skills required by today's multinational employers.
- Apex Foundation will innovate by offering new programmes, in new formats, to address the needs of working adults and technical-vocational and other groups of non-traditional students.
- Apex Foundation respects the individual personality of each school in its network by offering educational options; it does not impose a model.
- Apex Foundation is not ideologically driven; we are addressing a gap between the demand and supply of our students for programmes marked by international, technological, and multilingual content for professionals.
- Apex Foundation will invest in and operate individual universities as local institutions, in full compliance with local accreditation systems, laws, and regulations, and respectful of the local

and cultural context in which each university operates.

- Apex Foundation seeks to complement, not compete with, government and non-profit institutions in our markets.
- Apex Foundation will deliver value and quality without ever being elite, and will serve equally well the needs of all students, regardless of their socioeconomic or academic backgrounds.

OUR MISSION

Apex Foundation is committed to provide effective Distance Education, Internet-based instruction and innovative learning opportunities in Biotechnology, Information Technology, Global Business Management, Nanotechnology, Fashion Designing, Para Medical, Journalism, Environment Science Hotel Management, Aviation and Hospitality Management and other specialized professional fields of study.

To meet this aspiration and provide practical and novel education, the Apex Foundation goal includes the delivery of coursework by Technology Enabled Learning(TeL). The Special drive of Apex Foundation is reflected in its very unique educational programs in Biotechnology, Information Technology, Global Business Management, Nanotechnology, Fashion Designing, Para Medical, Journalism, Environment Science Hotel Management, Aviation and Hospitality Management, which are job role-based that incorporate essential emerging technologies, modern business and management skills.

Apex Foundation students will access learning opportunities that are inherent innovative and modern curricula. They are designed to educate individuals in becoming leaders and /or business owner / operators. Apex Foundation innovative delivery modes provide effective and challenging educational opportunities for all students.

Apex Foundation programs are intended for adult learners who aspire to Bachelor, Master and Doctoral degrees in many professional business areas of emphasis. Flexible Education Scheme enables working professionals to pursue their academic endeavour without travelling time to an educational facility.

TRAINING CLASSES

Further, in order to supplement the students' efforts through self-study, the students are encouraged to attend training classes offered by APEX Foundation at place where the branch/regional offices or Authorized e-Learning Points are located. The training classes constitute an important stage in the learning methodology by enabling the students to gain an in-depth understanding of the subjects. They provide a platform to students for better understanding of the concepts and also to clarify any doubts in the respective subjects and therefore prepare well for the examinations. The training classes facilitate in coping with the rigor of the Courses. They are beneficial to all the students enrolling in the program; specially for working executives and professionals who may not find sufficient time to prepare and plan for the examinations well in advance.

Benefits of attending the training classes:

Regular attendance of the training classes enabling students to:

- Gain in-depth understanding of the subject covered.
- Understand the concepts well.
- Understand the examination pattern and obtain tips on preparing well for examinations through discussion of the mock tests.
- Discuss and clear doubts and queries pertaining to the topics covered in the subjects.
- Get into a disciplined mode and regular study.

The training classes are need based and are conducted subject to registration of minimum number of students. For more details students are requested to contact the respective eLearning Points.

eLearning Points conduct Training Classes (as per

table given below) prior to the Term End examinations. The Training Classes are conducted in all the cities listed in the website www.tgouonline.com.

The detailed programme is as follows:

S. No.	Course	Hrs to be conducted	Remarks
1.	Engineering & IT	16 hrs per subject	The Training classes will be conducted at e-Learning points on Saturdays and Sundays except Govt. Holidays:
2.	Management	12 hrs per subject	
3.	M.Phil.	16 hrs per subject	
4.	Hospitality & Tourism	12 hrs per subject	
5.	Paramedical & Science	16 hours per subject	
6.	Other Programmes	8 hrs. per subject	

The training classes is optional but highly recommended since they encourage peer interaction amongst the students and an opportunity to clarify doubts related to the examination or curriculum.

Students who plan to attend the training classes are required to pay training fee at the time of enrollment as per fee structure.

“It gives me immense pleasure to know that The Global Open University, Nagaland, has been inaugurated on 5th June, 2007 with a mission to create more and more employment opportunities for youth. In the modern day competitive world, such academic institutions have a significant role to play. I hope that this University is a step forward in the direction of imparting quality education in the upcoming fields. I am sure; it will open up new vistas of academic excellence for the budding youth.”

Dr. K. K. Talwar
Director
PGI
Chandigarh

“I am sure that The Global Open University, Nagaland shall reach out to civil society outside it and create new standards of excellence.”

Prof. Amitabh Mattoo
Vice Chancellor
University of Jammu
Jammu

D. level. I am sure the students from all over the country and particularly from Nagaland and nearby areas will be greatly benefited with these courses.”

Prof. B.B. BHATTACHARYA
Vice Chancellor
Jawaharlal Nehru University
New-Delhi

APEX FOUNDATION

Apex Foundation (APEX) is the Exclusive Learning Resource Provider for The Global Open University, Nagaland. In this role, APEX has been engaged in promoting and supporting online education initiatives. APEX provides strong logistic, distributive, infrastructural and related support through the e-Learning Points/Regional Offices. This includes due diligence, identification of training requirements and other related administrative and logistical support, to make the program more effective as well as add value for the registered learners. APEX has also developed and maintained Portal for delivering the online course material and conduct online examinations. APEX works closely with The Global Open University, Nagaland to ensure clear policy, strategic direction and other logistic support including identifying areas of alliance and co-operation.

The broad areas of support include:

- Hassle Free Admission Process
- Self Instructional Material Publishing and Portal Administration.
- Comprehensive MIS reports on Portal activities and User data.
