Masters In Business Administration

With a rich legacy of 40 years in fostering world-class academic excellence and over 100,000 alumni across the globe, MIT-WPU is one of the premier centers of higher learning in India that offers over 150 programmes.

The Faculty of Business and Leadership at MIT-WPU offers world-class residential MBA programmes with a bouquet of specialisations. Our programmes equip students with pertinent managerial and business skills essential to break into and excel in the competitive world of corporate.

Fostering strategic thinking and encouraging entrepreneurship is at the heart of our multidisciplinary MBA programmes. These programmes ingrain a strong managerial foundation and equip students to identify and adapt to the changing industry trends. Students learn to identify and apply path breaking strategies for business growth and find innovative solutions to critical business challenges through curative pedagogies designed by acclaimed experts, renowned academicians and established professionals from the industry. They gain managerial, leadership, consulting, and entrepreneurial skills and a holistic understanding of the increasingly dynamic industry ecosystems. The application-based approach and the industry exposure grooms the students into high-spirited and influential leaders of tomorrow.

Key Highlights

- + Cultivate entrepreneurial intelligence and benefit from Start-Up Mentoring
- + Enhance Internal Competence for Outer Demand (ICODs)
- + Case-based learning approach
- + Exposure to the corporate world through industry visits, summer internships, and live projects
- + Embedded ability enhancement courses in the curriculum to train students for the professional corporate world
- + Dedicated Centre for Industry-Academia Partnerships to support students through structured assessments, training, and grooming activities for internships and job placements
- + MIT Pune Technology Business Incubator (TBI) to support early-stage entrepreneurs, and students through funding, mentoring, and network connection
- + Rural, National and International immersion programmes
- + Our curriculum is aligned with the world renowned Bloom's Taxonomy and LOCF Model
- + Competency mapping for enhanced career support and progression
- + Cross-functional learning with Major and Minor Specialisations
- + A well-recognized Advisory Board of highly eminent national and international experts
- + Learn from guest lecturers, management experts, and international faculty

Tie-ups and Associations

MIT-WPU has strong industry collaborations for student placements, research, and seed funding. These collaborations provide students with opportunities to gain practical experience, work on real-world projects, and interact with industry professionals. They also help faculty members to stay updated on the latest industry trends and developments, and provide a platform for research collaboration and funding. These collaborations help students to develop the skills and knowledge necessary for successful careers in their chosen fields, and provide a valuable source of support for faculty research and innovation. Industry partnerships also benefit the university by providing access to industry expertise, funding, and resources, which can help to enhance the quality of education and research at MIT-WPU.

- + 'AMDOCS Innovation Lab' is a unique lab on campus for students to transform their innovative ideas into a reality, developed in collaboration with AMDCOS India .
- + Certified Network Associate with Exploration Version 4.0
- + "Centre of Excellence" and Business Transformation programme is conducted by IBM on the campus
- + Siemens has set up a "Unified Communication Lab" for research in Communication Business
- + Centre of Excellence for LTE | 5G Technologies for research

Academic Partnerships

The Faculty of Business and Leadership at MIT-WPU has partnered with top international universities, demonstrating its commitment for a truly global education. These programmes enable learning beyond borders through the cross-pollination of international disciplinary approaches.

MIT-WPU continues to cultivate, enhance, and sustain global relationships and expand inter-cultural networks for its students through student and faculty exchange programmes, summer and winter programmes, research associations, extra credit programmes, and other activities.

Dean's Message

Prof (Dr.) Srinivas Subbarao

Management Education for Global Corporate Citizenship

Management Education for Global Corporate Citizenship and Peace

Management is a dynamic function. Management education, therefore, demands continuous innovation. All great centers of higher learning in management education have shown exemplary resilience in the face of VUCA times. MIT- WPU carries forward that spirit and brings in new and emerging dimensions to teaching, learning, and research in business education while embedding industry insights and experiential learning into each curriculum.

With world-class teaching, research, and on-campus facilities along with highly competent and industry-oriented faculty, all our specialised courses have been unique programmes attracting global attention. Our MBAs develop holistic leaders as our course content has been multidisciplinary, technology-driven, case-based, solution-oriented, forward-thinking, and entrepreneurial. With a global presence of our alumni who bring their unique academic and industry networks to us for higher research, training, internships, and placements. Our pool of international faculty members adds immense value to keep us engaged in global discussions and innovations in the industry, job market, and patents.

Here our students are not just interested in receiving knowledge, getting good grades, and graduating, but they emerge as collaborators and co-creators of knowledge. This makes us different from other institutes and they represent us as our brand ambassadors of knowledge and problem-solving.

May I invite all of our students, parents, professionals from industry, academics, policymakers, and staff members to join us in our endeavor to create a world-class business education center at MIT-WPU and add value to India's rise as a global power?

Wishing you great luck!

Prof (Dr.) Srinivas Subbarao

- + Agribusiness Food Managers
- + Agricultural Analysts
- + Market Analysts
- + Quality Controllers

Agriculture is one of the most widely practised professions in India, along with related sectors like agri-tech, horticulture, apiculture (beekeeping), animal husbandry, and many more. The MBA in Agri Business Management at MIT-WPU equips individuals in the management of agricultural businesses, including the management of the human resource, capital, technology, and facilities for identifying and implementing entrepreneurship in the sector. The pedagogy is a blend of theory and practical know-how with hands-on opportunities through field visits.

MBA

Dual Specialization

 Duration - 2 Years

 Fees - ₹6,00,000/- PA

- + Corporate Social Responsibility
- + Sports Management
- + Innovation Management
- + Hospital Management

As businesses shape and grow at a rapid pace, they demand individuals who possess versatile knowledge of multiple domains of business management. Keeping in mind the needs of the market, MIT-WPU offers a uniquely structured way to get a major as well as a minor degree in two fields of MBA simultaneously. The dual specialisation degree can effectively widen the sectors and career options which candidates can pursue.

Along with the most sought after degrees in the fields like Marketing, Finance, Operations, HR, etc, candidates can pursue a minor specialisation in niche fields like CSR, Sports Management, and Innovation Management, among others.

MBA Dual Specialization

Corporate Social Responsibility

Career Opportunities

- + CSR Executives
- + CSR Specialists
- + Senior Managers-CSR
- + CSR Coordinators
- + NGO Managers

Corporations are tasked with contributing to welfare activities and drive social impact. They require candidates at the managerial level to effectively conduct their CSR activities. The MBA CSR programme prepares the students to manage the CSR departments of top organisations, managing social startups, NGOs, and environmental firms.

MBA Dual Specialization

Sports Management

Career Opportunities

- + Contract Administrators
- + Contract Analysts
- + Corporate Partnerships Managers
- + Facility Operations Managers
- + Fitness Manager

The Sports Management industry has witnessed a 62% year-on-year growth in 2021. This high-growth industry needs enterprising managers to build intelligent and high-performance management systems. The Sports Management specialisation at MIT-WPU trains the students in the intricate methodologies to tackle the unique challenges in the dynamic sports environment and build better management structures.

ALL GOOD MANAGEMENT IS THE EXPRESSION OF

One great idea

Robert Heller

MBA Dual Specialization

Innovation Management

Career Opportunities

- + Innovation Managers
- + Project Managers
- + Research Analysts
- + Business Development Managers
- + Product Designers

Innovation is the key to building a sustainable and better future. The MBA Innovation Management course at MIT-WPU teaches students the core principles of innovation and entrepreneurship while cultivating the skills they need to shape new ideas and give life to new advancements. The students are trained to become entrepreneurs, identify market opportunities and take calculated risks for the best business outcomes. They can start their own ventures or pursue a successful career in the corporate field and can contribute greatly in the development of start-ups.

MBA Dual Specialization

Hospital Management

Career Opportunities

- + Healthcare Consultants
- + Medical Practice Managers
- + Healthcare Informatics Managers
- + Hospital Administrators
- + Pharmaceutical Product Managers
- + Hospital Managers

The healthcare sector is growing at a rapid pace and it demands individuals who are trained in managerial skills like administration, planning and control, coordination and strategy-making. The MBA Hospital Management acquaints the students with the changing dynamics in the healthcare sector and public health and gives them the academic and practical insights to craft successful careers in the domain. They are honed into well-trained professionals who possess strong leadership, financial, and project management skills specifically in the global healthcare management ecosystem.

MCA Management

Duration - 2 Years

Fees - ₹2,25,000/-PA

Career Opportunities

- + Software Programmers
- + Software Engineers
- + Software Developers
- + Systems Analysts
- + Software Application Architects
- + Software Consultants

The MCA Management programme offered by the School of Business provides students with a thorough understanding of key IT management areas such as application development, data analytics, business intelligence, IT strategy, and research. They learn the various methodologies and strategies for effectively maintaining user and organizational databases as well as designing user interfaces. Project-based learning, multiple certificate courses, and six-month industry internships based on Analysis and Software Requirement Specification (SRS) Design enrich the students' learning process and outcomes. The students are trained in the fundamental and advanced IT skills required in today's businesses through a variety of specialisations. These skills, combined with application-oriented training in leadership, problem solving, data analysis and synthesis, team dynamics, business intelligence, and ethics, help the students develop managerial and directorial competencies.

A background image showing a group of students sitting on the grass, looking at a large document or map. The image is slightly blurred and has a soft, ethereal quality. A red crosshair graphic is overlaid on the top-left and bottom-right corners of the page.

PhD in Business Administration

The Doctorate in Business Administration at MIT-WPU is a highly research-intensive programme that provides students with excellent facilities and expert guidance to support their research endeavors. The programme is designed to help postgraduate students develop research skills and prepare for careers in academia or research. The programme provides specialised training in research components such as hypothesis creation, research questions, literature review, research ethics, and the use of online tools and resources. The programme has a strong focus on interdisciplinary research and encourages students to pursue innovative and entrepreneurial ideas in their chosen areas of study.

Students are guided in selecting relevant research topics and completing a thorough, systematic study to write their thesis of 80,000-1,00,000 words which is evaluated at regular intervals. The candidates are encouraged to publish papers in reputable journals and provided with guidance from faculty members with extensive experience in research.

The programme includes common courses in the first six months to help students build scientific aptitude and optimise their research output. It supports the building of researcher networks and the development and successful execution of PhD project plans, and aims to provide students with a broad base of knowledge and expertise for their future careers.

Eligibility & Selection Process

MIT-WPU adheres to UGC-specified eligibility norms while accepting applications for admission from students.

MBA

The student must have:

1. Minimum 60% aggregate in graduation (3/4 Year Full-time Bachelor's Degree) in any stream from UGC approved Institution or equivalent (at least 55% marks, in case of Backward class category candidate belonging to Maharashtra State only)
2. Valid non-zero score in the following National Level Test conducted by an apex testing body: CAT 2022, XAT 2023, NMAT 2022, GMAT 2023, PERA 2023, MAH-CET 2023 & Sep MAT 2022 onwards.
3. Final-year graduation candidates are also eligible to apply for MBA, provided they present the proof of completion of the Graduation degree within the duration specified by the University.
4. The candidates will be evaluated on the basis of Entrance Exam Score, Group Discussion (GD)/ Extempore, Personal Interview (PI), Past Academic Record, Statement Of Purpose and Work Experience (if any).

MCA Management

The student must have:

1. 60% in Graduation in any stream from UGC approved Institution (at least 55 % marks, in case of Backward class categories candidates belonging to Maharashtra State only)
2. Valid MIT-WPU CET / MAH CET Score (Candidates who appeared for MIT-WPU CET should submit a valid score for MAHCET) and 60% & above Personal Interview

Doctoral Programme

Industry Collaborations

Industry collaboration is an important aspect of the MIT-WPU partnership, as it provides numerous opportunities for students to gain practical experience through internships and job placements, engage in meaningful research projects, and receive seed funding for their innovative ideas. Over 650 collaborations benefit both the students and the industry partners, as it allows students to apply their knowledge and skills in a professional setting, while also providing industry partners with access to a talented pool of young professionals and cutting-edge research. By working together, MIT-WPU and industry partners can foster a mutually beneficial relationship that drives innovation and helps prepare the next generation of leaders for success. Some of the prominent collaborations are as follows.

Rural Immersion Programme

MIT-WPU's rural immersion programme is a unique educational opportunity that helps students understand and address the challenges faced by rural communities. During the programme, students visit a village and learn about the local culture, community, and landscape. They work on various projects, such as optimising irrigation systems, conserving and storing water, recycling waste, and using solar power, to improve the rural environment. This hands-on, real-life learning experience helps students develop critical thinking, problem-solving, and community awareness skills. It also helps them gain a deeper understanding of rural society and how their knowledge can lead to innovative solutions. Through these programmes, students learn how to bridge the gap between urban and rural areas in India.

INNOVATION

ENTREPRENEURSHIP

R.I.D.E. 22

RESEARCH DESIGN

Event, 5 Days, ∞ Opportunities

20th - 24th September, 2022

R.I.D.E.

R.I.D.E is a one-of-its-kind conclave annually conducted and hosted by the Innovation Club of MIT-WPU to expand the horizons of education beyond academics and open the pathway for students towards entrepreneurship. The conclave is meant to expose students to the emerging research, entrepreneurship, design thinking and innovation in various fields. The 5 day conclave witnesses a footfall of over 10,000 students and showcases over 100 start-ups from various sectors including technology, design, healthcare, agri-tech, sustainable energy and retail. More than 50 experts from the venture capital industry address students about the changing face of start-ups, innovations and the evolving market trends to encourage out-of-the-box thinking by simulating a real-world start-up environment.

Bharatiya Chhatra Sansad

MIT-WPU's flagship social initiative and brainchild of Shri. Rahul V. Karad, the Bharatiya Chhatra Sansad (BCS) is an annually conducted national level event which aims to regenerate youth's interest in the country's political system, governance and administration. This non-political platform aims at sensitising the youth to the changing social and political landscape of the country through debates, discussions, addresses from eminent personalities including the chief ministers and governors of various Indian states, union ministers and members of the parliament. The BCS is also a platform to honour many young sarpanchs, local leaders from different parts of the country, and social workers who have brought about a positive change in their localities and the lives of the people. The sansad witnesses participation of students from around 25,000 institutes in India.

Other Events at MIT-WPU

MIT-WPU is known for its dynamic and engaging academic and extracurricular events, which provide students with numerous opportunities to learn, grow, and get involved in their community. In addition to the well-known events R.I.D.E. and BCS, there are over 100 student-led events that take place at the university throughout the year. These events cover a wide range of interests and topics, from cultural festivals and guest lectures to community service projects and sporting events. By participating in these events, students can gain valuable skills, make new connections, and become more active and engaged members of the MIT-WPU community. Some of the events are as follows:

- Design Xpo
- Aarohan
- Kala Mehfil
- Hackathon
- National Conference on Media and Journalism
- Abhivyakti
- TEXEPHYR
- Tesla
- Techogenesis
- RoboCon
- Science Expo
- Social Leadership Development Program (SLDP)
- World Parliament of Science, Religion and Philosophy
- Bharat Asmita National Awards
- National Women's Parliament
- International Symposium on Law and Peace
- Vidhi-Manthan
- Peace Marathon
- Sports Summit
- and many more

Students' Clubs at MIT-WPU

MIT-WPU is home to a diverse and active student community, with a wide range of clubs and organisations catering to a variety of interests and passions. These student-led clubs provide opportunities for students to get involved in various on-campus activities, make new connections, and develop their leadership skills.

Majorly, there are 5 categories of clubs at MIT-WPU; cultural, social, sports, co-curricular and NCC/NSS clubs which provide students with opportunities to learn about and explore their specific areas of interest.

A few clubs at MIT-WPU are:

- The Innovation Club, which hosts events and workshops related to entrepreneurship and innovation
- The Art and Photography Club, which brings together students with a shared interest in artistic expression
- The Sports Club, which organises sporting events and activities for students to participate in
- The Cultural Club, which celebrates the diversity of the MIT-WPU community and promotes cultural exchange
- Aatman - It is the only Mental Health Club of MIT-WPU, Pune, that is led by the students of the Psychology department.
- Team Dart - Team DART is a motorsports team of MIT World Peace University which annually participates in a competition named Rally Car Design Challenge (RCDC) organized by professional industry sponsors

By joining a club or team, students learn to make the most of their time while engaging their mind and developing their skills, making meaningful contributions to the community at large. These clubs also participate in national and international competitions and have won various awards, ranks and recognition on numerous platforms.

Peace Studies

The mandatory peace studies module at MIT-WPU aims to provide students with a holistic education that integrates various disciplines for their personal development. Through this module, students gain a greater understanding of the interconnectedness and interdependence of mind, matter, spirit, and consciousness. They also learn about the critical spiritual laws that can help them develop a scientific temperament and a spirit of inquiry, as well as a sense of humanism.

In addition, the peace studies module introduces students to various yoga practices that help them develop their information base and cognitive abilities, as well as their critical thinking skills and personality. Upon completing the course, students will have a better understanding of how elevated consciousness can positively impact human behaviour and contribute to a happier, healthier, more peaceful, and empowered world. Overall, the peace studies module aims to equip students with the knowledge and tools they need to become more conscious, compassionate, and responsible global citizens.
