THE FOUNDER

Dr. Atul Krishna

M.B.B.S., MS

The boy who set out to make his dream a success was none other than Dr Atul Krishna, who was still in his sophomore year at LLRM Medical College, Meerut at that time. Armed with a post graduate degree in General Surgery, Dr. Atul soon set out to realize his dream which had already taken shape in his mind.

The dream was to establish such institutions of education and training that would produce highly skilled graduates and masters of academic excellence in every field and all aspects of life. Graced with fore-vision, versatility, a genius mind and gifted with a vibrant and vivacious personality, Dr. Atul Krishna is not only a reputed surgeon of Northern India but is also a great philanthropist, a learned thinker, visionary and a staunch social reformer,

dedicated to the upliftment of the downtrodden and weaker sections of society. Dr. Atul Krishna is the founder of 'Subharti,' a duly registered body, engaged in social service and various other activities.

He has also established a University in Meerut, U.P. in the name of Swami Vivekanand Subharti University, in addition to several primary, secondary level schools and rural hospitals in the remotest villages.

"Subharti meaning 'सुभारतीय' is not just a name but a movement. A movement of converting our youth into 'सु' meaning "Good", 'भारतीय' meaning 'an Indian 'एक' a good Indian".

Education is the first step towards making our people responsible. We started this University with the dream of making our young Indians not only professionally sound but also motivated nationals, who are inclined towards not just building their career but making their parents proud and also fulfil their social and national duties.

'शिक्षा, सेवा, संस्कार' is our motto which is based on the values and ethics with which the University was established.

We are confident that soon, we will not only be one of the top ranking Universities of India, we will be on the International map and be known for our unique combination of values and academics

Till date, we have left no stone unturned towards achieving excellence and we will keep working towards perfection.
