in the year 2021-22

UNIVERSITY INSTITUTE OF COMPUTING

Chandigarh University offers new-age computing programs that adhere to global educational standards. Curated with the input of industry experts and renowned academicians, the curriculum bridges the gap between contextual learning and practical applications. The industry-collaborated laboratories and centres of excellence for cloud computing, web design, and mobile application development, provide students with exposure to industry-relevant tools and technologies and establish a robust research environment. With an extensive industry network, students get ample opportunities for industry exposure via internships, workshops, hackathons, and industry visits.

UIC EDGE

✓ **Industry-Integrated, Globally Aligned Curriculum**

Industry-integrated, globally aligned curriculum developed in collaboration with experts from Microsoft, Intel, and Red Hat to provide students with knowledge of both established and emerging industry trends while building strong job-ready skills.

✓ **60% Experiential Learning through Real-World Projects**

With 60 percent of the curriculum focused on experiential learning, students participate in internships, industry workshops and seminars, industry visits, and national and international hackathons.

✓ **Intel® AI for Future Workforce Program**

The Intel® AI program provides mentorship from Intel-certified professionals, practical experience through live projects, and industry-recognised certifications.

✓ **Technical Communities and Associations**

Professional bodies such as ACM, IEEE-CIS, and the Google Developer Student Club support technical learning, peer collaboration, and innovation.

✓ **State-of-the-Art Infrastructure**

Centres of Excellence in IoT, AR/VR, Artificial Intelligence, and Cloud Computing, established in collaboration

with Microsoft, Google Android, Red Hat, and other global organisations, provide hands-on exposure to advanced technologies.

✓ **Capstone Projects**

Final-semester capstone projects in Data Science, Artificial Intelligence, IoT, and related fields enable students to apply their knowledge to practical challenges.

✓ **Advanced Certifications in Emerging Technologies**

Certifications through NPTEL, SWAYAM, Infosys Springboard, and other leading platforms strengthen technical competence in high-demand areas.

✓ **International Research Opportunities Across 60+ Countries**

Students benefit from international research opportunities in the domains of emerging technology through partnerships with over 250 reputed universities spanning more than 60 countries.

✓ **Placement Opportunities with Global Giants**

Students have access to the best placement opportunities with leading technology companies including Google, Microsoft, Intel, Adobe, IBM, and others.

Programs Offered

UNDERGRADUATE PROGRAMS

- Bachelor of Computer Applications (Hons./Hons. With Research)
- Bachelor of Computer Applications (Hons./Hons. With Research) Augmented Reality and Virtual Reality
- Bachelor of Computer Applications (Hons./Hons. With Research) Data Science
- Bachelor of Computer Applications (Hons./Hons. With Research) User Interface/User Experience Design
- Bachelor of Science (Hons./Hons. With Research) Computer Science
- Bachelor of Computer Applications—ITP

POSTGRADUATE PROGRAMS

- Master of Computer Applications
- Master of Computer Applications-Artificial Intelligence and Machine Learning
- Master of Computer Applications- Cloud Computing and DevOps
- Master of Computer Applications- Data Science in collaboration with Intel

ESTEEMED INDUSTRY PARTNERS

& many more...

GLOBAL LEARNING OPPORTUNITIES

The UIC has established strategic partnerships with leading universities worldwide to provide students with global exposure, cutting-edge curriculum integration, and opportunities for international learning. These collaborations enable student and faculty exchanges, articulation programs, semester-abroad options, and research internships.

→ Bachelor of Computer Applications

→ International Transfer Program (ITP)

→ Master of Computer Applications

→ International Transfer Program (ITP)

→ International Research Internship

→ AI Model Deployment using Kubernetes, Kubeflow, and Kserv

PRESTIGIOUS INTERNATIONAL PARTNERS
